Dear Policyholder:

For 2024 Medicare has announced the following increases in Part A deductibles and copayments:

Hospital Benefit (per benefit period):	1-60 days	\$1,632 deductible
	61-90 days	\$408 per day copayment
	91 days and beyond	\$816 per day copayment
Skilled Nursing Facility Benefit:	21-100	\$204 per day copayment

Your Retiree Health benefits are designed to automatically increase and help pay the expenses that Medicare does not. Because of recent higher inflation in medical care costs and increased utilization, it is necessary for premiums to be increased on all policies like yours. Your policy is guaranteed renewable and can never be cancelled for any reason when the premiums are paid on time.

Effective 04/01/2024, your new premium rates will be:

Annual	Semi-Annual	Quarterly	Monthly
\$2341	\$1194	\$609	\$206

If your premium is being paid by automatic bank draft, we will draft your account for this new amount beginning with the April due date. Even with this rate adjustment, the TEAMStar Retiree Health Program remains one of the best values in the market today. The protection it offers is important to your finances during these times of escalating medical care costs.

No payment is due now since the new premium rates are not effective until 04/01/2024.

Sincerely,

Michael C. Majors, President
