Renewal of Accounts with Annual or Monthly Fees; Termination Credit Availability: Before an annual fee or a monthly maintenance fee is assessed,

an "Important Information" notice will print on the front of your statement showing the fee (we refer to that notice as your "renewal notice"). You will not have to pay the annual or monthly fee in your renewal notice if, within 30 days from the date we mailed the statement containing the renewal notice, you terminate the availability of credit on your account. To do so, cut your card(s) in half and send them to us at: P.O. Box 2673 Omaha, NE 68103-2673. You

will not have to pay the annual or monthly fee in your notice because your card is used during this 30-day period. You will remain fiable for the outstanding balance of your account when it is closed and all other interest, fees and charges that accrue after that date.

Annual Percentage Rates: Each periodic rate that may be used to compute

interest on an outstanding balance on your account is set forth on the front of

this statement, expressed as an Annual Percentage Rate. The APR for

Balance Transfers is the same as the rate shown for Purchases. The front of this statement indicates whether any of your APRs may vary. If a rate may vary, it will vary with the market based on an index. See your Cardmember Agreement or renewal notice for an identification of the index. Penalty APR: A Penalty APR may apply to your account if you fail to make a minimum payment to us when due, if you exceed your credit limit with us (this trigger is not applicable if your account has no pre-set spending limit), or if you make a payment to us that is dishonored for any reason. Once triggered

for any of these reasons, a Penalty Rate may apply indefinitely. If we do not

receive a minimum payment within 60 days of its due date, a Penalty APR

may apply to future transactions and all outstanding balances indefinitely unless 6 consecutive minimum payments are made when due. See your Cardmember Agreement or renewal notice for more information on Penalty APRs.

Minimum Interest Charge: If you are charged interest in any month, the charge will be no less than a Minimum Interest Charge of \$1.75.

Do not give out your account number over the phone unless you initiate the call. Credit card thieves have been known to pose as credit card issuers and other businesses to trick you into giving out your credit card number. Legitimate companies don't call you to ask for a credit card number over the phone.

Renewal of Accounts with Annual or Monthly Fees; Termination Credit Availability: Before an annual fee or a monthly maintenance fee is assessed, an "Important Information" notice will print on the front of your statement showing the fee (we refer to that notice as your "renewal notice"). You will not have to pay the annual or monthly fee in your renewal notice if, within 30 days from the date we mailed the statement containing the renewal notice, you terminate the availability of credit on your account. To do so, cut your card(s) in half and send them to us at: P.O. Box 2673 Omaha, NE 68103-2673. You will not have to pay the annual or monthly fee in your notice because your card is used during this 30-day period. You will remain liable for the outstanding balance of your account when it is closed and all other interest, fees and charges that accrue after that date.

Annual Percentage Rates: Each periodic rate that may be used to compute interest on an outstanding balance on your account is set forth on the front of this statement, expressed as an Annual Percentage Rate. The APR for Balance Transfers is the same as the rate shown for Purchases. The front of this statement indicates whether any of your APRs may vary. If a rate may vary, it will vary with the market based on an index. See your Cardmember Agreement or renewal notice for an identification of the index.

Penalty APR: A Penalty APR may apply to your account if you feil to make a minimum payment to us when due, if you exceed your credit limit with us (this trigger is not applicable if your account has no pre-set spending limit), or if you make a payment to us that is dishonored for any reason. Once triggered for any of these reasons, a Penalty Rate may apply indefinitely. If we do not receive a minimum payment within 60 days of its due date, a Penalty APR may apply to future transactions and all outstanding balances indefinitely unless 6 consecutive minimum payments are made when due. See your Cardmember Agreement or renewal notice for more information on Penalty APRs.

Minimum Interest Charge: If you are charged interest in any month, the charge will be no less than a Minimum Interest Charge of \$1.75

Foreign Transaction Fee: A foreign transaction fee will be charged for each transaction made in foreign currency, with a foreign merchant (whether or not in U.S. Dollars), or outside the United States. That fee will equal 3% of the amount of the transaction (after conversion to U.S. Dollars).

Balance Subject to Interest Rate: Each 'Balance Subject to Interest Rate' shown on the front of this statement is determined using the average daily balance (including new purchases) method. Each such balance is calculated separately for each period that a particular rate was in effect (referred to below as a "Rate Period"). To get each average daily balance, we first compute a "Daily Balance" for each day of the Rate Period as follows: (1) we start with the beginning balance of each day, (2) we add any new transactions (such as Purchases, Balance Transfers, Cash Advances and debit adjustments, as applicable) and any new fees, and (3) we subtract any applicable payments, credits, or credit adjustments. Each average daily balance that is shown on the front is computed by adding up all the Daily Balances in the Rata Period and dividing the total by the number of days in the Rate Period (which shows on the front as "Days Rate Used"). In making these computations: (a) we may treat a credit balance as a balance of zero; and (b) we may delay adding fees to your balance; and (c) each day, we multiply your Daily Balance by the applicable daily periodic rate and add that amount to your balance to determine the next day's beginning balance.

Interest Charges: We figure the interest charges on your account by applying the applicable daily periodic rate to the applicable sverage daily balance of your account and multiplying that product by the number of days in the Rate Period.

How to Avold Paying Interest on Purchases: If you pay your New Balance as shown on the front of this billing statement by the Payment Due Date (which will be at least 21 days from the Closing Date shown on the front of this statement) and if we also received payment in full of your New Balance as indicated on your previous billing statement by its Payment Due Date or if that New Balance was zero or a credit, no interest charges will be assessed on Purchases shown on your next billing statement. Unless you have been specifically notified otherwise, no period is provided to repay non-Purchase balances without incurring interest charges—in other words, there is no grace period for Cash Advances or Balance Transfers.

Payment Requirements: Payments must be (1) eccompanied by the top portion of this billing statement; (2) received no later than 5:00 p.m. (Central Time) on the Payment Due Date at the location we have specified for receipt of your payment, (3) made only by check or money order if your payment is made by mail, (4) made in U.S. Dollars, and (5) sent to the P.O. Box specified on the top of the front of this statement. If we accept a payment that does not comply with these requirements, there may be a delay in crediting your account, which may result in additional interest and fees. If your payment is returned unpaid by your bank for insufficient funds, we may re-present your check electronically.

Credit Limits: Only the "Cash Limit" portion of your Credit Limit is available for cash advances. "Available Credit" or "Available Cash" refers to the part of your Credit Limit or Cash Limit that was available as of this billing statement's closing date and may not reflect ovarfimit or credit balance amounts. We may reise or lower your Credit Limit and/or Cash Limit at any time and may restrict the amount that is available for Balance Transfers. After we credit a payment to your account, there may be a delay before it operates to restore your Available Credit or Available Cash.
