1 - Trailer Facts Trailer Facts: The trailers we sell & distribute are made to order, brand new 2016 models professionally constructed with name brand components. These trailers are built one unit at the time, not ran down a multi employee assembly line. Therefore they are not rushed and attention to detail can be given to the final assembly process resulting in a high quality finish. We use a strong all tubular steel frame, lowered leaf spring suspension axles with E-Z lube hubs, 15" modular steel wheels, Aerodynamic V Nose front design that adds 2 extra feet to your trailer length, your choice of rear barn style double doors or fold down ramp with spring assist, a heavy duty side entry door, high grade plywood floor & walls, extra interior height, (on all enclosed models) a 5 year warranty and much more. The lowest price is not always the best deal, so don't settle for a lesser quality built trailer.	1	0.00	0.00

ACTIVITY	QTY	RATE	AMOUNT
Notes Notes: Referral & packaged price deal per Chris S. - Customer is paying down payment via cash when meeting Wednesday morning in Tifton, Ga around 9am.	1	0.00	0.00

Terms, Conditions & Agreements: Orders requiring your trailer to be manufactured will need a customer signed estimate plus a "Good Faith" down payment of \$400. This is required bc it shows us you have read the estimate & by signing it, you agree 100% that your trailer is to be built to the specs on the estimate. Your down payment is applied directly to your invoice balance & is a safety measure signifying that you intend to fulfill your obligations by picking up & paying for the trailer ordered. You will also need to discuss with your sales rep a reasonable estimated date of trailer completion. This needs to be a semi flexible date in case a delay arises beyond our control. Never make concrete plans around this date. We can accept personal, business, cashier's or certified check as your down payment. Credit/Debit cards accepted but are subject to a 4% convenience fee. Final payment of your trailer must be cash or certified cashier's check only. Call if you have any questions. Thanks
