Posting Guidelines

Social media is a great way to engage with current clients and leads. It is important to post consistently and professionally. We recommend working these posts into your feed organically, only utilizing the ones that resonate with your brand. We have also included suggested captions and hashtags to make posting even easier. Enjoy!

Social Media Posting 101:

- Download the Social Posts file folder from our Marketing Toolbox.
- Log into your social media account (Facebook, Instagram, Twitter, LinkedIn) and click in/on the "Create Post" text area.
- Copy and Paste the Post Caption from this Social Calendar into that text area.
- Click on the Photo/Video tab below your caption.
- Locate the file folder containing the social images on your computer.
- Select the image you want to post. The image should load into the post image area.
- Once you confirm the text and the image, hit "Post."

If you would like to utilize these posts for social media paid advertising, please refer to [Meta's Advertising Guidelines](#) and [LinkedIn Advertising Policies](#) for best practices.
