INSTRUCTIONS

Special Note: 2013 Individual Estimated Payment Vouchers and Instructions are not being mailed to taxpayers by the Nebraska Department of Revenue (Department). Instead, all taxpayers are encouraged to make their estimated payments [electronically](#). If you are making payments by check or money order, please print and mail this [voucher](#) with your payment to ensure the payment is properly credited to your account.

WHO MUST FILE. If your 2012 tax due (line 17, Form 1040N) less withholding and allowable credits is \$500 or more, you may owe an underpayment of estimated tax penalty and must complete this form. You may also owe a penalty if estimated payments have not been filed in a timely manner.

WHO MUST PAY THE UNDERPAYMENT PENALTY. An individual who did not pay enough estimated tax by any of the applicable due dates, or did not have enough state income tax withheld, may be charged a penalty. **This is true even if you are due a refund when you file your tax return.** The penalty is calculated separately for each due date. You may owe the penalty for an earlier payment due, even if you paid enough tax later to make up the underpayment.

You may owe the penalty for 2012 if you did not pay at least the smaller of:

1. 90% of your 2012 tax liability; or
2. 100% of your 2011 tax liability (if you filed a 2011 return that covered a full 12 months).

EXCEPTIONS TO THE PENALTY. You do not have to pay the penalty if:

1. You had no tax liability for 2011, you were a U.S. citizen or resident for the entire year, and your 2011 Nebraska tax return was (or would have been had you been required to file) for a full 12 months;
2. You are a first-time filer for Nebraska tax purposes; or
3. The total tax shown on your 2012 return minus the amount of tax you paid through withholding is less than \$500. To determine whether the total tax is less than \$500, complete lines 1-6.

NOTE: If you file your return and pay the tax due by January 31, 2013, include on line 19, January 15 column, the amount of tax you pay with your tax return. In this case, you will not owe a penalty for the payment due on January 15, 2013.

Nebraska Tax on Annualized Income. No penalty will be imposed if your Nebraska tax payments equal or exceed 90% of your Nebraska tax liability based on annualized income earned through the end of the month preceding the installment date. If you meet this criteria, check the box at the top of this form. Paper filers attach a separate schedule showing your computation similar to the federal Annualized Income Installment Method Schedule.

WAIVER OF PENALTY. Waiver of penalty may be considered under the following circumstances:

- Underpayment due to casualty, disaster, or other unusual circumstance where it would be inequitable to impose the penalty; or
- In 2011 or 2012, you retired after age 62, or became disabled, and your underpayment was due to reasonable cause.

Paper filers attach a statement to this form outlining why the penalty should not be imposed. E-filers attach a statement to [Form 8453N](#) and mail to the Department.

WHEN AND WHERE TO FILE. Form 2210N must be attached and filed with the [Nebraska Individual Income Tax Return, Form 1040N](#).

SPECIFIC LINE INSTRUCTIONS

LINE 7, 2011 TAX. Use your 2011 tax after nonrefundable credits from your 2011 tax return. If the 2011 tax year was for less than 12 months, do not complete this line. Instead, enter the amount from line 4 on line 8 and complete the remainder of the form. If you are not engaged in farming, ranching, or fishing, and your federal adjusted gross income (AGI) in 2011 was more than \$150,000 (\$75,000 if married, filing separately), enter 110% of your 2011 taxes on line 7.

LINE 9, INSTALLMENT PAYMENTS. If you filed your Nebraska income tax return and paid the balance of the tax due by January 31, that balance is considered paid as of January 15.

Fiscal Year Taxpayers. The installment due dates for fiscal year taxpayers are the 15th day of the following months:

1. The first month of the second quarter;
2. The third month of the second quarter;
3. The third month of the third quarter; and
4. The first month of the following fiscal year.

All dates on Form 2210N are to be considered in the corresponding month of the fiscal year.

LINE 11, TAX WITHHELD. An equal part of the Nebraska income tax withheld during the year by your employer is considered paid on each required installment date, unless you establish other dates when the withholding actually occurred.

For nonresident individuals, the amount of tax withheld by S corporations, partnerships, limited liability companies, or fiduciaries is considered paid on the last day of the organization's taxable year, unless you establish other dates when the withholding actually occurred.

LINE 18, OVERPAYMENT. Your payments are applied first to any underpayment balance on an earlier installment, or an existing balance due on another tax year. It does not matter if you designate a payment for a later period. Any overpayment of an installment on line 18 that is larger than all prior underpayments should be applied as a credit on line 12 against the next installment.

LINES 19-23, PENALTY CALCULATIONS. Complete lines 19 through 23 to determine the penalty you owe. When determining the payment date on line 20, use: the date the payment was applied against the underpayment on line 19; the due date of the next payment (line 9 of the next column); or April 15, whichever is earliest. If more than one payment is made for any installment, or a partial payment is made, make separate penalty calculations through the payment dates. Then add the results together and enter on line 22. The penalty is calculated at 5% per year for all installments paid during 2012, and at 3% for payments made on January 1, 2013 and after. For the September 15 column, line 22a is used to report at the 5% rate through December 31, 2012. Line 22b is then used to report at the 3% rate for the period from January 1 through January 15 or later.

NOTE FOR ELECTRONIC FILERS: Your software may allow you to calculate multiple payments within a quarter. Refer to the instructions provided with the software. Also, see the instructions for Federal Form 2210 for more information. The penalty is calculated at 3% for payments due on or after January 1, 2013.

SPECIAL RULES FOR FARMERS AND RANCHERS. You do not owe a penalty and are not required to file Form 2210N if:

- Your gross income from farming, ranching, or fishing is at least two-thirds of your annual gross income from all sources for 2011 or 2012;
- A Form 1040N is filed; and
- The Nebraska income tax is paid on or before March 1. **Deadline changed to April 15, 2013 due to IRS extension.**

Calculate Your Underpayment. If the gross income test was met, but the date for filing and payment of the tax was not, complete lines 24 through 31. If no underpayment is indicated on line 31, do not complete lines 32 and 33.

Calculate the Penalty. Complete lines 32 and 33 to determine the 3% penalty.
