Positive Review Text Procedure

Positive reviews are a win, win for the company and yourself! They showcase to our clients why and how our service is top notch, and they help create a reputable brand for our company to be able to obtain more/retain clients. Secondly, you're recognized for the superior service you provide and rewarded with \$30 dollars per review posting on BBB or Google (if the client has a Gmail account).

On every closing call (with positive perception) the last step is to provide the client with a text using the following template:

BBB:

It has been a pleasure working with you. Please share your positive feedback by following the steps below:

STEP ONE - Submit review on BBB website - <https://www.bbb.org/us/fl/jacksonville/profile/tax-consultant/tax-defense-network-%E2%84%A2-a-moneysolver-company-0403-184747163/customer-reviews>

STEP TWO - You will receive a confirmation email or text, based on preference, that requires you to verify your email.

That's it! Once both of these steps are completed your review will be posted! I look forward to seeing what you had to say about your experience with us here at Money Solver.

Google:
