

- (3) IRM 20.1.1.2.3.1: Title changed to "Timing of Supervisory Approval" . Updated content per interim guidance memorandum SBSE-20-0520-0029, Timing of Supervisory Approval with Respect to IRC 6751(b)(1) , dated May 20, 2020.
- (4) IRM 20.1.1.2.3.2: Added "Correspondence Examination Automation Support" to title, and updated language throughout for supervisory approval guidelines for penalties assessed by the Automated Under Reporter (AUR) and Correspondence Examination Automation Support (CEAS) programs.
- (5) IRM 20.1.1.2.3.3: Deleted this subsection. Information about supervisory approval for the FTD penalty is found in IRM 20.1.4.21.7.
- (6) IRM 20.1.1.3: Revised language in (4), changed 'account' to 'module' and added examples.
- (7) IRM 20.1.1.3.3.2.1:
- a. Revised language and added "Short Term Payment Plan" to (2)b bullet and added examples.
 - b. Added information to address First Time Abate (FTA) and "substitute for returns" (SFR) prepared under IRC 6020(b).
 - c. Added content from IPU 18U0234 dated February 5, 2018, which was also reissued as IPU 20U0367 dated March 5, 2020. The content was added to (4) and provides instructions to disregard certain FTA penalty abatements input on MFTs 06, 07, or 08, in accordance with Notice 2017-71.
 - d. Added note to (6)a concerning Waiver Code 25.
- (8) IRM 20.1.1.3.5: Added clarifying information in (6) for penalty relief requests.
- (9) IRM 20.1.1.3.5.1: Deleted last two sentences in (1) and changed 'RCA conclusion screen' to 'LPAGE input screen' in (4).
- (10) IRM 20.1.1.3.5.3: (7) Removed reference to Form 4364
- (11) IRM 20.1.1.3.6: Added note for RCA user after (2).
- (12) IRM 20.1.1.4.2: Revised language throughout subsection and (1)(e) updated to change "penalty" to "addition to tax"
- (13) IRM 20.1.1.4.2.1: (2) replaced "Notice of Determination of Worker Classification (NDWC") with "Letter 3523, Notice of Employment Tax Determination under IRC 7436" .
- (14) Exhibit 20.1.1-3 was updated to include current inflation rates for TC 16X and current Revenue Procedures for 23X.
- (15) Exhibit 20.1.1-4 was updated as follows:

- a. For the explanations for PRNs 500-514, the list of forms subject to penalty was replaced with 'information return defined under IRC 6724(d)'. Added reference to see the specific form instructions for additional information.
- b. For PRN 511, the information reflecting it was applicable for IRC 6722 was deleted.
- c. Added PRN 599 to the table in the exhibit.
- d. Rev. Proc. 2018-57, generally applicable for tax year 2019 returns, and Rev. Proc. 2019-44, generally applicable for tax year 2020 returns, were added to the list of revenue procedures listed at the end.

(16) Exhibit 20.1.1-5 was updated as follows:

- a. For PRNs 603 and 625, updated penalty rate information effective for tax years beginning after 12/31/2017.
- b. For PRNs 659, 660 and 677, updated the penalty rate information.
- c. For PRN 662, updated the penalty rate information for penalties applicable under IRC 527(j)(1).
- d. For PRNs 690, 691 and 692 added notes.
- e. Added PRN 693 for IRC 1400Z-2(f) penalty assessments.
- f. Added PRN 694 for IRC 6652(p) penalty assessments.
- g. Rev. Proc. 2018-57, generally applicable for tax year 2019 returns, and Rev. Proc. 2019-44, generally applicable to tax year 2020 returns, were added to the list of revenue procedures listed at the end.

(17) Exhibit 20.1.1-6 was updated as follows:

- a. For PRNs 701, 702, 703, 705, 706, and 711, updated penalty rate information.
- b. Added PRN 707 for IRC 965(i)(7)(C), Failure to Annually Report Deferred S Corporation - Related Net 965 Tax Liability
- c. Rev. Proc. 2018-57, generally applicable for tax year 2019 returns, and Rev. Proc. 2019-44, generally applicable for tax year 2020 returns, were added to the list of revenue procedures listed at the end of the exhibit.

(18) Exhibit 20.1.1-7: Added acronyms CEAS (Correspondence Examination Automation Support) and SNOD (Statutory Notice of Deficiency).

(19) IRM references and editorial corrections were made throughout this IRM section.

Effect on Other Documents

IRM 20.1.1.1 dated November 21, 2017 is superseded. IRM Procedural Update (IPU) 18U0234 dated February 5, 2018 and the reissued IPU 20U0367, dated March 5, 2020, have been incorporated into this IRM. Interim Guidance Memorandum SBSE-20-0520-0029, Timing of Supervisory Approval with Respect to IRC 6751(b)(1), dated May 20, 2020 has been incorporated into this IRM.

Audience

All IRS employees who work with penalties.

20.1.1.1 (11-21-2017)

Program Scope and Objectives

1. **Purpose:** This IRM section discusses the purpose of civil penalties and provides the legal authorities, criteria for relief, and other general information about civil penalties.

Note:

All penalties referenced throughout IRM 20.1, Penalty Handbook, are considered civil penalties. Refer to IRM 9.1.3, Criminal Statutory Provisions and Common Law, for criminal penalty provisions.

2. **Audience.** This information is for all employees and managers who work with civil penalties when examining returns, collecting taxes, managing accounts, and other compliance activities, including employees and managers in:

- Small Business Self-Employed (SB/SE) Division,
- Large Business and International (LB&I) Division,
- Tax Exempt and Government Entities (TE/GE) Division,
- Wage and Investment (W&I) Division,
- Appeals,

- Criminal Investigation, and
 - Other IRS functions
3. **Policy Owner:** The Business Support Office (BSO) is under Operations Support (OS). SB/SE is responsible for overseeing civil penalties.
 4. **Program Owner:** The Office of Servicewide Penalties (OSP) is responsible for civil penalty policy and IRM 20.1, Penalty Handbook. OSP's role is to ensure fairness and consistency in civil penalty administration and has overall responsibility for coordinating and approving any update to IRM 20.1, Penalty Handbook.
 5. **Contact Information:** To recommend changes or make any other suggestions to this IRM section, email OSP at *Servicewide Penalties Team. Also see IRM 1.11.6.6, Providing Feedback About an IRM Section - Outside of Clearance.

20.1.1.1.1 (11-25-2011)

Background

1. In 1955, there were approximately 14 penalty provisions in the Internal Revenue Code. There are now more than ten times that number. With the increasing number of penalty provisions, the IRS recognized the need to develop a fair, consistent, and comprehensive approach to penalty administration.
2. In November 1987, the Commissioner of IRS established a task force to study civil penalties and develop a fair, consistent, and comprehensive approach to penalty administration. In February 1989, the Commissioner's Executive Task Force issued a Report on Civil Tax Penalties. The report established a philosophy concerning penalties, provided a statutory analysis of the three broad categories of penalties (filing of returns, payment of tax, and accuracy of information), and made recommendations where warranted to resolve the inconsistencies. Those recommendations were, in part, that the IRS should take the following actions:
 - a. Develop and adopt a single penalty policy statement emphasizing that civil tax penalties exist for the purpose of encouraging voluntary compliance.
 - b. Develop a single consolidated handbook on penalties for all employees (the handbook should be sufficiently detailed to serve as a

practical everyday guide for most issues of penalty administration and provide clear guidance on computing penalties).

- c. Revise existing training programs to ensure consistent administration of penalties in all functions for the purpose of encouraging voluntary compliance.
 - d. Examine its communications with taxpayers (including penalty notices and publications) to determine whether these communications do the best possible job of explaining why the penalty was imposed and how to avoid the penalty in the future.
 - e. Finalize its review and analysis of the quality and clarity of machine-generated letters and notices used in various areas within the IRS.
 - f. Consider ways to develop better information concerning the administration and effects of penalties.
 - g. Develop a Master File database to provide statistical information regarding penalty administration. The information in this database should be continuously reviewed for the purpose of suggesting changes in compliance programs, educational programs, penalty design, and penalty administration.
3. In keeping with the Commissioner's Executive Task Force Report and Congressional recommendations, the consolidated penalty IRM was developed.

20.1.1.1.2 (10-19-2020)

Authority

1. IRM 20.1, Penalty Handbook, is the primary source of authority for civil penalty administration by the IRS and serves as the foundation for addressing civil penalty administration by various IRS functions. By providing one source of authority for civil penalty administration, the IRS greatly reduces inconsistencies regarding civil penalty application.
2. IRM 20.1, Penalty Handbook, provides guidance to all areas of the IRS for all civil penalties imposed by the Internal Revenue Code (IRC). It sets forth general policy and procedural requirements for assessing and abating penalties, and it contains discussions on topics such as criteria for relief from certain penalties. The sections in IRM 20.1, Penalty Handbook, are as follows:

IRM	Title	Code Reference(s)
IRM 20.1.2	Failure to File/Failure to Pay Penalties	IRC 6651, IRC 6698, and IRC 6699
IRM 20.1.3	Estimated Tax Penalties	Individual-IRC 6654 and Corporate-IRC 6655
IRM 20.1.4	Failure to Deposit Penalty (FTD)	IRC 6656
IRM 20.1.5	Return Related Penalties	IRC 6662, IRC 6662A, IRC 6663, and IRC 6676
IRM 20.1.6	Preparer, Promoter, Material Advisor Penalties	IRC 6694, IRC 6695, IRC 6700, IRC 6701, IRC 6707, IRC 6707A, IRC 6708, IRC 6713
IRM 20.1.7	Information Return Penalties	IRC 6011, IRC 6721, IRC 6722, IRC 6723, and IRC 6724
IRM 20.1.8	Employee Plans and Exempt Organizations Miscellaneous Civil Penalties	IRC 6652, IRC 6684, IRC 6685, IRC 6690, IRC 6692, IRC 6693, IRC 6704, IRC 6710, IRC 6711, and IRC 6714
IRM 20.1.9	International Penalties	IRC 6038, IRC 6038A, IRC 6038D, IRC 6039E, IRC 6039G, IRC 6039F, IRC 6652(f), IRC 6677, IRC 6679, IRC 6683, IRC 6686, IRC 6688, IRC 6689, and IRC 6712
IRM 20.1.10	Miscellaneous Penalties	IRC 856(g)(5), IRC 1400Z-2(f), IRC 6652(a)/(b)/(j)-(l)/(n)-(p), IRC 6657, IRC 6672, IRC 6673, IRC 6674, IRC 6682, IRC 6697, IRC 6702, IRC 6705, IRC 6706, IRC 6709, IRC 6720B, IRC 6720C, IRC 7268, IRC 7519, and IRC 9707
IRM 20.1.11	Excise Tax and Estate and Gift Tax Penalties	IRC 4103, IRC 5000A, IRC 6166, IRC 6653, IRC 6675, IRC 6715, IRC 6715A, IRC 6717, IRC 6718, IRC 6719,

IRM	Title	Code Reference(s)
		IRC 6720A, IRC 6725, IRC 7270, IRC 7271, IRC 7272, IRC 7273, IRC 7275, IRC 7304, and IRC 7342
IRM 20.1.12	Penalties Applicable to Incorrect Appraisals	IRC 6695A

20.1.1.1.3 (10-19-2020)

Responsibilities

1. The Director, Business Support, is the director responsible for the servicewide civil penalty program.
2. Overall responsibility for civil penalty programs is assigned to OSP. OSP is a matrix organization residing in the Business Support (Small Business/Self Employed) Function. OSP is charged with coordinating policy and procedures concerning the civil penalty program administration, ensuring consistency with the penalty policy statement, reviewing and analyzing penalty information, researching penalty effectiveness on compliance trends, and determining appropriate action necessary to promote voluntary compliance.
3. Each IRS organization is responsible for establishing an internal process for managing their procedures based upon these Servicewide policies and may develop additional guidance or reference materials for their specific functional administrative needs. However, such reference material must receive approval from OSP prior to distribution and must remain consistent with the policies and general procedural requirements set forth in IRM 20.1, Penalty Handbook, Policy Statement 20-1 (i.e., Penalty Policy Statement) in IRM 1.2.1.12.1, and any other guidance relating to civil penalties.
4. All employees should keep the following objectives in mind when handling each penalty case:
 - a. Similar cases and similarly-situated taxpayers should be treated alike.
 - b. Each taxpayer should have the opportunity to have their interests heard and considered.

- c. Strive to make a correct decision in the first instance. A wrong decision, even though eventually corrected, has a negative impact on voluntary compliance.
 - d. Provide adequate opportunity for incorrect decisions to be corrected.
 - e. Treat each case in an impartial and honest way (i.e., approach the job, not from the government's or the taxpayer's perspective, but in the interest of fair and impartial enforcement of the tax laws).
 - f. Use each penalty case as an opportunity to educate the taxpayer, help the taxpayer understand their legal obligations and rights, assist the taxpayer in understanding their appeal rights, and in all cases, observe the taxpayer's procedural rights.
 - g. Endeavor to promptly process and resolve each taxpayer's case.
 - h. Resolve each penalty case in a manner which promotes voluntary compliance.
5. Each and every taxpayer has a set of fundamental rights when dealing with IRS as provided in the Taxpayer Bill of Rights (TBOR). All employees handling penalty cases must do so in accordance with the TBOR as listed in IRC 7803(a)(3). The TBOR can also be found at Taxpayer Bill of Rights on irs.gov.

20.1.1.1.4 (11-21-2017)

Program Management and Review

1. Every function in the IRS has a role in proper penalty administration. It is essential that each function conduct its operations with an emphasis on promoting voluntary compliance. Appropriate business reviews should be conducted to ensure consistency with the penalty policy statement (Policy Statement 20-1) and philosophy. Attention should be directed to penalty program coordination between offices and functions to make sure that approaches are consistent and penalty information is used for identifying and responding to compliance problems.
2. Managers should continuously review information for trends that may suggest changes in compliance programs, training courses, educational programs, penalty design, and penalty administration. Managers should institute, on an ongoing basis, a quality review system that evaluates the timely and correct disposition of penalty cases and encourages consistent penalty administration.

20.1.1.1.5 (11-21-2017)

Terms/Definitions/Acronyms

1. Refer to the following exhibits at the end of this IRM section:
 - *Exhibit 20.1.1-7*, Table of Abbreviations and Acronyms, and
 - *Exhibit 20.1.1-8*, Dictionary of Key Terms

20.1.1.1.6.1 (11-21-2017)

Security Standards

1. IRS officials and managers must communicate security standards contained in IRM 1.4.6, Managers Security Handbook, to subordinate employees and establish methods to enforce them.
2. Employees are responsible for taking required precautions to provide security for the documents, information, and property that they handle in performing official duties.
3. Employees using Integrated Data Retrieval System (IDRS) should only access those accounts required to accomplish their official duties. Any unauthorized access or browsing of tax accounts by employees is prohibited by the IRS. IRM 10.8.1, Policy and Guidance, provides the authority and standards for information technology security. Also see IRM 10.5.5, IRS Unauthorized Access, Attempted Access or Inspection of Taxpayer Records (UNAX) Program Policy, Guidance and Requirements.

20.1.1.1.6.2 (11-21-2017)

Taxpayer Advocate Service (TAS) Guidelines

1. While the IRS is always striving to improve its systems and provide better service, some taxpayers still have difficulty obtaining a solution to a problem or a timely and appropriate response to an inquiry. The purpose of TAS is to give taxpayers someone to speak for them within the IRS—an advocate. An advocate conducts an independent and impartial analysis of all information relevant to the taxpayer's problem. TAS guarantees that taxpayers will have someone to make sure their rights are protected and someone to turn to when the system is not responsive to their needs. TAS steps in and takes action on behalf of taxpayers when their complaints or inquiries meet TAS criteria. See IRM 13.1.1, Taxpayer Advocate Case Procedures, Legislative History and Organizational Structure.
2. The purpose of the criteria is to ensure that problems and complaints that have not been handled properly through normal channels are reviewed in TAS. See IRM 13.1.7, Taxpayer Advocate Service (TAS) Case Criteria.

20.1.1.1.6.3 (11-21-2017)

Form 911 - Request for Taxpayer Advocate Service Assistance

1. Refer taxpayers to TAS (see IRM Part 13, Taxpayer Advocate Service) when the contact meets TAS criteria (see IRM 13.1.7, TAS Case Criteria) and you cannot resolve the taxpayer's issue the same day. The definition of **same day** is within 24 hours. **Same day** cases include cases you can completely resolve in 24 hours, as well as cases in which you have taken steps within 24 hours to begin resolving the taxpayer's issue. Do not refer these cases to TAS unless they meet TAS criteria and after you have informed the taxpayer regarding the existence and role of TAS, the taxpayer asks to be transferred to TAS. See IRM 13.1.7.4, Same Day Resolution by Operations.
2. When referring cases to TAS, use Form 911, Request for Taxpayer Advocate Service Assistance (and Application for Taxpayer Assistance Order), and forward to TAS in accordance with your local procedures.

20.1.1.2 (11-21-2017)

Purpose of Penalties

1. Penalties exist to encourage voluntary compliance by supporting the standards of behavior required by the Internal Revenue Code.

2. For most taxpayers, voluntary compliance consists of preparing an accurate return, filing it timely, and paying any tax due. Efforts made to fulfill these obligations constitute compliant behavior. Most penalties apply to behavior that fails to meet any or all of these obligations.
3. The following factors support the public conviction that the tax system is fair and the penalty is in proportion to the severity of the noncompliance. Penalties encourage voluntary compliance by:
 - Defining standards of compliant behavior,
 - Defining consequences for noncompliance, and
 - Providing monetary sanctions against taxpayers who do not meet the standard.

20.1.1.2.1 (11-25-2011)

Encouraging Voluntary Compliance

1. Taxpayers in the United States assess their tax liabilities against themselves and pay them voluntarily. This system of self-assessment and payment is based on the principle of voluntary compliance. Voluntary compliance exists when taxpayers conform to the law without compulsion or threat.
2. Compliant self-assessment requires a taxpayer to know the rules for filing returns and paying taxes. The IRS is responsible for providing information to taxpayers, which includes the following:
 - Written materials that clearly explain the rules, and
 - Forms that permit the self-computation of tax liability.
3. In addition to (2) above, the IRS must also provide a means to preserve and enhance our voluntary compliance by fairly, consistently, and accurately administering a system of penalties.
4. Although penalties support and encourage voluntary compliance, they also serve to bring additional revenues into the Treasury and indirectly fund enforcement costs. However, these results are not reasons for creating or imposing penalties.
5. Penalties advance the mission of the IRS when they encourage voluntary compliance. The IRS has formalized this obligation to the public in its mission statement.

6. Voluntary compliance is achieved when a taxpayer makes a good faith effort to meet the tax obligations defined by the Internal Revenue Code.
7. Penalties support voluntary compliance by assuring compliant taxpayers that tax offenders are identified and penalized.
8. The IRS has the obligation to advance the fairness and effectiveness of the tax system. Penalties should do the following:
 - Be severe enough to deter noncompliance,
 - Encourage noncompliant taxpayers to comply,
 - Be objectively proportioned to the offense, and
 - Be used as an opportunity to educate taxpayers and encourage their future compliance.
9. IRS personnel may educate taxpayers and encourage their future compliance by doing the following:
 - a. Discussing causes for the delinquency and listening to taxpayers' reasons and concerns for noncompliance,
 - b. Ensuring that taxpayers understand their filing and paying responsibilities, and
 - c. Being alert to information received in discussions with taxpayers that indicate possible reasons for abatement of a penalty.
10. Penalties should relate to the standards of behavior they encourage. Penalties best aid voluntary compliance if they support belief in the fairness and effectiveness of the tax system. This belief encourages compliance in areas that cannot be reached through audits or other programs. The IRS's approach to penalties is embodied in Penalty Policy Statement 20-1. See IRM 1.2.1.12.1, Policy Statement 20-1 (Formerly P-1-18) Policy Statement 20-1 (Formerly P-1-18).

20.1.1.2.2 (11-25-2011)

Fair and Consistent Approach to Penalty Administration

1. The IRS's approach to penalty administration must ensure the following:
 - a. **Consistency:** The IRS should apply penalties equally in similar situations. Taxpayers base their perceptions about the fairness of the system on their own experience and the

information they receive from the media and others. If the IRS does not administer penalties uniformly (guided by the applicable statutes, regulations, policies, and procedures), overall confidence in the tax system is jeopardized.

b. **Accuracy:** The IRS must arrive at the correct penalty decision. Accuracy is essential. Erroneous penalty assessments and incorrect calculations confuse taxpayers and misrepresent the overall competency of the IRS.

c. **Impartiality:** IRS employees are responsible for administering the penalty statutes and regulations in an even-handed manner that is fair and impartial to both the government and the taxpayer.

d. **Representation:** Taxpayers must be given the opportunity to have their interests heard and considered. Employees need to take an active and objective role in case resolution so that all factors are considered.

20.1.1.2.3 (10-19-2020)

Approval Prerequisite to Penalty Assessments

1. IRC 6751(a), Computation of Penalty Included in Notice, requires that each penalty notice include the name of the penalty, applicable IRC section, and a computation of the penalty.
2. IRC 6751(b)(1), Approval of Assessment, states that in general, no penalty under the Internal Revenue Code shall be assessed unless the initial determination of such assessment is personally approved (in writing) by the immediate supervisor of the individual making such determination or such higher level official as the Secretary may designate. At this time, the Secretary has not designated any higher level official to approve initial determinations.

Note:

Policy regarding the timing of supervisory approval can be found in *IRM 20.1.1.2.3.1*, Timing of Supervisory Approval.

3. IRC 6751(b)(2) provides exceptions to the supervisory approval requirement for the following additions to tax and penalties:

- IRC 6651, Failure to File Tax Return or to Pay Tax,
 - IRC 6654, Failure by Individual to Pay Estimated Income Tax,
 - IRC 6655, Failure by Corporation to Pay Estimated Income Tax,
- and

- Any penalties automatically calculated through electronic means. Penalties that are automatically calculated through electronic means are excluded from IRC 6751(b)(1) requirements. A penalty is only considered to be "automatically calculated through electronic means" if no human Service employee makes an independent determination with respect to the applicability of the penalty
4. Notwithstanding the exceptions noted in paragraph (3) above, the IRS, as an administrative matter, requires supervisory approval of the fraudulent failure to file penalty under IRC 6651(f) (see IRM 20.1.2.3.7.5.1, FFTF Penalty Assessment-Procedural Requirements).
 5. For purposes of this section, the term "penalty" includes any addition to tax or any additional amount (IRC 6751(c)).
 6. The initial determination of the penalty must be personally approved in writing by the immediate supervisor, dated, and retained in the case file. Supervisory approval may be documented on a penalty approval form, in the form of an email, memo to file or electronically. The approval must cover all tax years and penalties, including alternative penalties.

Note:

For information about signatures, see IRM 4.10.1.4.4, Digital Signatures.

7. An employee who is an acting supervisor with an approved Designation to Act or a Notification of Personnel Action (SF-50) on file is considered an immediate supervisor for the purpose of IRC 6751(b)(1). Per IRM 1.11.4.5, Purpose and Contents of Delegation Orders, except for limitations that may be imposed in writing in a specific case or where prohibited by law, an acting official assumes the full authority vested in or delegated to that position. Maintain documentation of the designation in the administrative file.
8. In addition to the information provided in *IRM 20.1.1.2.3.1*, Timing of Supervisory Approval, and *IRM 20.1.1.2.3.2*, Automated Underreporter and Correspondence Examination Automation Support Programs, additional information pertaining to the requirements for specific penalties includes, but is not limited to the following:
 - IRM 20.1.5.2.3, Supervisory Approval of Penalties - IRC 6751 Procedural Requirements, return related penalties.
 - IRM 20.1.6.1.3.2, Written Supervisory Approval of Penalty Assessments, preparer, promoter and material advisor penalties.

- IRM 20.1.10.2, Supervisory Approval for Penalty Assessment.
- IRM 20.1.12.6, Field Examination Procedures, appraisal penalties.
- IRM 25.25.10.8.1, Penalty Case Creation, IRC 6702, frivolous return penalties.
- =====

20.1.1.2.3.1 (10-19-2020)

Timing of Supervisory Approval

1. For all penalties subject to IRC 6751(b)(1), written supervisory approval required under IRC 6751(b)(1) must be obtained **prior to** issuing any written communication of penalties to a taxpayer that offers the taxpayer an opportunity to:

- Sign an agreement, or
- Consent to assessment or proposal of the penalty

20.1.1.2.3.2 (10-19-2020)

Automated Underreporter and Correspondence Examination Automation Support Programs

1. When the IRC 6662 accuracy-related penalties are systemically assessed under the Automated Underreporter (AUR) Program or Correspondence Examination Automation Support (CEAS) Program without a human employee independently determining the appropriateness of the penalty, the penalty is considered automatically calculated through electronic means. For example, when the taxpayer does not submit a response to the 30-day letter that proposes the penalty, the penalty is automatically calculated through electronic means and may be assessed without written supervisory approval.

2. However, if a taxpayer submits a response, written or otherwise, that challenges the penalty or the amount of tax to which the penalty is attributable, and an examiner reviews the case, written supervisory approval under IRC 6751(b)(1) is required before any subsequent written communication that includes the penalty. The exception for penalties automatically calculated through electronic means no longer applies once a Service employee makes an independent determination to assert a penalty or to assert adjustments to tax on which a penalty is applicable.

3. Also see IRM 20.1.5.2.3.1, Documenting Supervisory Approval of Penalties.

20.1.1.3 (10-19-2020)

Criteria for Relief From Penalties

1. Generally, relief from penalties falls into four separate categories. Unless otherwise specified in IRM 20.1, penalty relief will be considered and applied, if criteria are met, in the following order:
 - a. Correction of IRS error
 - b. Statutory and Regulatory exceptions
 - c. Administrative waivers
 - d. Reasonable cause

Caution:

These penalty relief categories do not apply equally to all civil penalties referenced throughout IRM 20.1, Penalty Handbook, nor do the relief provisions referenced in IRM 20.1.1, Introduction and Penalty Relief, apply to all penalties referenced in IRM 20.1. Always refer to the specific relief provision in the applicable IRM 20.1 section depending on the penalty for which relief is being considered (see *IRM 20.1.1.1.2*, Authority).

2. Appeals may recommend the abatement or non-assertion of a penalty based on these four criteria as well as "hazards of litigation."

3. In the interest of fairness, the IRS will consider requests for penalty relief received from third parties, including requests from representatives without an authorized power of attorney. While information may be accepted, **no** taxpayer information may be discussed with a third party unless a valid power of attorney or other acceptable authorization is secured in writing from the taxpayer. See *IRM 20.1.1.3.1*, Unsigned or Oral Requests for Penalty Relief.

. If additional information is needed, contact the taxpayer or the taxpayer's authorized representative.

- a. If the validity of the request is questionable, contact the taxpayer.
- b. In all cases involving third party requests for penalty relief, advise the taxpayer of the request and the action taken.

4. All information contained within *IRM 20.1.1.3*, Criteria for Relief From Penalties, only applies after the penalized module for which penalty relief is being considered has been thoroughly analyzed and corrected. This means any discrepancies must first be resolved (i.e., missing payment(s), extension of time to file, or tax adjustment) to ensure the module properly reflects all acts of compliance by the taxpayer. Do not consider penalty relief until all issues have been addressed. Systemically generated penalties, such as TC166/276/186/286, will be adjusted by IRS computers when the account corrections post.

Example:

Example: A taxpayer was assessed the FTP penalty for unpaid tax on their 2018 Form 1040. The taxpayer contacted IRS on August 1, 2019, requesting reasonable cause penalty relief and provided proof of a timely payment made on April 15, 2019, which would full pay the tax due. Research shows the payment had been erroneously applied to another module. The payment was transferred to the 2018 Form 1040 module and that correction resulted in a systemic reversal of the FTP penalty which alleviated the need to take any further actions for penalty relief.

Note:

Refer to *IRM 20.1.2.2.3.1*, Extension of Time to File, for information and procedures to follow in cases where the taxpayer believes an extension was requested but one is not reflected on his or her account.

5. When penalty relief is warranted (including a determination not to assert a penalty that is otherwise warranted), a penalty reason code (PRC) is required to indicate the reason a penalty is being removed or suppressed. See *IRM 20.1.1.5.1*, Master File Penalty Reason Codes. Also, see *Exhibit 20.1.1-2*, Penalty Reason Code Chart.

20.1.1.3.1 (11-21-2017)

Unsigned or Oral Requests for Penalty Relief

1. When considering requests for relief from the failure to file (FTF), failure to pay (FTP), and/or failure to deposit (FTD) penalties, determine if the taxpayer is eligible for the first time abate (FTA) administrative waiver using the Reasonable Cause Assistant (RCA), when applicable. See *IRM 20.1.1.3.6*, Reasonable Cause Assistant (RCA), for RCA use and *IRM 20.1.1.3.3.2.1*, First Time Abate (FTA), for all FTA policy and criteria.

2. If the taxpayer does not meet FTA criteria, unsigned or oral requests for relief from the FTF, FTP and/or FTD penalties may be considered if the following are true:

- a. The request is received either orally or in writing, but is unsigned, AND
- b. The request is received from the taxpayer, the taxpayer's authorized representative or a third party, AND
- c. The penalties do not exceed \$10,000 (e.g., tax period), AND
- d. **Reasonable cause criteria is met.**

Exception:

If RCA is used, the oral statement authority (OSA) threshold in paragraph (2)(c) is increased to \$10,000 and/or \$10,000. RCA will be used, where available. If an employee cannot use RCA, he or she should seek managerial approval to consider oral and unsigned requests at the \$10,000 levels.

3. When an unsigned or oral request for relief is received, the IRS employee must document the case file or adjustment document **clearly restating** the information provided by the taxpayer.

. If **the relief criteria are clearly established**, abate or request the abatement of the penalty or penalties following functional guidelines. See *IRM 20.1.1.3.5.2*, Taxpayer Entitled to Relief.

a. If **the relief criteria are not clearly established**, do not abate the penalty or penalties. Follow functional guidelines for disallowing the request. See *IRM 20.1.1.3.5.3*, Taxpayer Not Entitled to Relief.

4. When an unsigned or oral request for penalty relief is received for two or more penalties, ask the taxpayer to submit a signed written request for relief from all penalties if either of the following is true:

- . Any penalty exceeds the amount that can be considered, or
- a. The penalty is a penalty other than the FTF, FTP, or FTD penalties.

Example:

Suppose on the same module the taxpayer was assessed the following penalties:

FTF and FTP penalties that totaled less than $\equiv \equiv \equiv \equiv \equiv \equiv$, but more than $\equiv \equiv \equiv$, and

A FTD penalty greater than $\equiv \equiv \equiv \equiv \equiv$, and

RCA was not used and supervisory approval for higher level OSA threshold was not obtained.

In such a case, **do not take action** to abate any of the penalties. Ask the taxpayer to submit a signed written statement requesting relief from all penalties.

5. The OSA thresholds in this subsection allow for **consideration** of the facts provided to establish penalty relief without a signed written statement for the FTF, FTP, and/or FTD penalties only.

6. The taxpayer **must** provide a written statement, signed under the penalty of perjury, requesting penalty relief for all other penalties. For example, requests for relief received either orally or without an authorized signature may **NOT** be considered for the following:

- TIN penalties,
- Information return penalties, or
- Penalties assessed by a compliance program.

Note:

Refer to IRM 21.5.2.4.9.2, Oral Statement and Penalty Relief Request, if considering relief for the daily delinquency penalty (DDP) assessed on an employee plan (EP) return or Form 8955-SSA, Annual Registration Statement Identifying Separated Participants With Deferred Vested Benefits.

20.1.1.3.2 (11-21-2017)

Reasonable Cause

1. Reasonable cause is based on all the facts and circumstances in each situation and allows the IRS to provide relief from a penalty that would otherwise apply. Reasonable cause relief is generally granted when the taxpayer exercised ordinary business care and prudence in determining his or her tax obligations but was nevertheless unable to comply with those obligations.

2. In the interest of equitable treatment of the taxpayer and effective tax administration, the non-assertion or abatement of certain civil penalties based

on reasonable cause or other relief provisions provided in this IRM must be made in a **consistent** manner and should conform with the considerations specified in the IRC, Treasury Regulations (Treas. Regs.), policy statements, and IRM Part 20.1, Penalty Handbook.

3. Reasonable cause relief is not available for all penalties; however, other exceptions may apply.

a. For those penalties where reasonable cause can be considered, any reason which establishes that the taxpayer exercised ordinary business care and prudence, but nevertheless was unable to comply with a prescribed duty within the prescribed time, will be considered.

b. If a reasonable cause provision applies only to a specific IRC section, that reasonable cause provision will be discussed in the IRM 20.1, Penalty Handbook, section relating to that specific IRC section. See *IRM 20.1.1.1.2*, Authority, and *Exhibit 20.1.1-1*, Penalty Relief Application Chart.

c. When considering the information provided in the following subsections, remember that an acceptable explanation is **not** limited to those given in IRM 20.1. Penalty relief may be warranted based on an "other acceptable explanation," provided the taxpayer exercised ordinary business care and prudence but was nevertheless unable to comply within the prescribed time. See *IRM 20.1.1.3.2.2*, Ordinary Business Care and Prudence.

4. The wording used to describe reasonable cause provisions varies. Some IRC penalty sections also require evidence that the taxpayer acted in good faith or that the taxpayer's failure to comply with the law was not due to willful neglect. See specific IRM 20.1, Penalty Handbook, sections for the rules that apply to a specific IRC penalty section. See *IRM 20.1.1.1.2*, Authority.

5. Taxpayers have reasonable cause when their conduct justifies the non-assertion or abatement of a penalty. Each case must be judged individually based on the facts and circumstances at hand. Consider the following in conjunction with specific criteria identified in the remainder of this subsection:

- . What happened and when did it happen?
- a. During the period of time the taxpayer was non-compliant, what facts and circumstances prevented the taxpayer from filing a return, paying a tax, and/or otherwise complying with the law?
- b. How did the facts and circumstances result in the taxpayer not complying?
- c. How did the taxpayer handle the remainder of his or her affairs during this time?

d. Once the facts and circumstances changed, what attempt did the taxpayer make to comply?

6. Reasonable cause **does not exist** if, after the facts and circumstances that explain the taxpayer's noncompliant behavior cease to exist, the taxpayer fails to comply with the tax obligation within a reasonable period of time.

20.1.1.3.2.1 (10-19-2020)

Standards and Authorities

1. Any reason that establishes a taxpayer exercised ordinary business care and prudence but nevertheless failed to comply with the tax law may be considered for penalty relief.

2. The following Treas. Regs. contain examples of circumstances that may be helpful in determining if a taxpayer has established reasonable cause:

Regulation	Description
Treas. Reg. 1.6664-4	Accuracy-Related Penalties (see IRM 20.1.5)
Treas. Reg. 301.6651-1(c)	Failure to File a Tax Return and/or Failure to Pay tax Penalties (see IRM 20.1.2)
Treas. Reg. 301.6724-1	Information Returns Penalties (see IRM 20.1.7)
Treas. Reg. 1.6694-2(e)(1)-(6)	Tax Return Preparer Penalties (see IRM 20.1.6)
Treas. Reg. 301.6707-1(e)(3)	Material Advisor Penalties (see IRM 20.1.6.16)

3. The following Internal Revenue Service policy statements contain specific criteria that may affect the imposition of penalties:

- Policy Statement 20-2, Penalties and Interest Not Asserted Against Federal Agencies. See IRM 1.2.1.12.2.
- Policy Statement 3-2, Reasonable Cause for Late Filing of Return or Failure to Deposit or Pay Tax When Due. See IRM 1.2.1.4.2.

- Policy Statement 3–3, Timely Mailed Returns Bearing Foreign Postmarks to Be Accepted. See IRM 1.2.1.4.3.
- Policy Statement 3–5, Unsigned Income Tax Returns Will Not Be Accepted for Processing; Delinquency Penalty Generally Will Not Be Imposed on Timely Filed Unsigned Income Tax Returns. See IRM 1.2.1.4.5.

See IRM 1.2.1, Servicewide Policy Statements.

20.1.1.3.2.2 (02-22-2008)

Ordinary Business Care and Prudence

1. Ordinary business care and prudence includes making provisions for business obligations to be met when reasonably foreseeable events occur. A taxpayer may establish reasonable cause by providing facts and circumstances showing that he or she exercised ordinary business care and prudence (taking that degree of care that a reasonably prudent person would exercise), but nevertheless were unable to comply with the law.
2. In determining if the taxpayer exercised ordinary business care and prudence, review available information including the following:
 - a. **Taxpayer's Reason:** The taxpayer's reason should address the penalty imposed. To show reasonable cause, the dates and explanations should clearly correspond with events on which the penalties are based. If the dates and explanations do not correspond to the events on which the penalties are based, request additional information from the taxpayer that may clarify the explanation. See *IRM 20.1.1.3.2*, Reasonable Cause.
 - b. **Compliance History:** Check the preceding tax years (at least three) for payment patterns and the taxpayer's overall compliance history. The same penalty, previously assessed or abated, may indicate that the taxpayer is not exercising ordinary business care. If this is the taxpayer's first incident of noncompliant behavior, weigh this factor with other reasons the taxpayer gives for reasonable cause, since a first-time failure to comply does not by itself establish reasonable cause.
 - c. **Length of Time:** Consider the length of time between the event cited as a reason for the noncompliance and subsequent compliance. See *IRM 20.1.1.3.2*, Reasonable Cause. Consider: (1) when the act was required by law, (2) the period of time during which the taxpayer was unable to comply with the law due to circumstances beyond the taxpayer's control, and (3) when the taxpayer complied with the law.

d. **Circumstances Beyond the Taxpayer's Control:** Consider whether or not the taxpayer could have anticipated the event that caused the noncompliance. Reasonable cause is **generally** established when the taxpayer exercises ordinary business care and prudence, but, due to circumstances beyond the taxpayer's control, the taxpayer was unable to timely meet the tax obligation. The taxpayer's obligation to meet the tax law requirements is ongoing. Ordinary business care and prudence requires that the taxpayer continue to attempt to meet the requirements, even though late.

20.1.1.3.2.2.1 (11-25-2011)

Death, Serious Illness, or Unavoidable Absence

1. Death, serious illness, or unavoidable absence of the taxpayer, or a death or serious illness in the taxpayer's immediate family, may establish reasonable cause for filing, paying, or depositing late for the following:

a. **Individual:** If there was a death, serious illness, or unavoidable absence of the taxpayer or a death or serious illness in the taxpayer's immediate family (i.e., spouse, sibling, parents, grandparents, children).

b. **Corporation, estate, trust, etc.:** If there was a death, serious illness, or other unavoidable absence of the taxpayer (person responsible), or a member of such taxpayer's immediate family, and that taxpayer **had sole authority to execute the return, make the deposit, or pay the tax.**

2. If someone other than the taxpayer, or the person responsible, is authorized to meet the obligation, consider the reasons why that person did not meet the obligation when evaluating the request for relief. In the case of a business, if only one person was authorized, determine whether this was in keeping with ordinary business care and prudence.

3. Information to consider when evaluating a request for penalty relief based on reasonable cause due to death, serious illness, or unavoidable absence includes, but is not limited to, the following:

- . The relationship of the taxpayer to the other parties involved.
 - a. The date of death.
 - b. The dates, duration, and severity of illness.
 - c. The dates and reasons for absence.
 - d. How the event prevented compliance.
 - e. If other business obligations were impaired.

- f. If tax duties were attended to promptly when the illness passed, or within a reasonable period of time after a death or return from an unavoidable absence.

20.1.1.3.2.2.2 (10-19-2020)

Fire, Casualty, Natural Disaster, or Other Disturbance-Reasonable Cause

1. Determine if the taxpayer could not comply timely because the taxpayer was an "affected taxpayer" eligible for disaster relief as provided for in IRM 25.16.1.3, Identification of Covered Disaster Area, Postponement Period and Affected Taxpayers. Also see *IRM 20.1.1.3.3.6*, Official Disaster Area.
2. For taxpayers not considered an "affected taxpayer," reasonable cause relief from a penalty may be requested if there was a failure to timely comply with a requirement to file a return or pay a tax as the result of a fire, casualty, natural disaster, or other disturbance. However, one of these circumstances by itself does not necessarily provide penalty relief.
3. Penalty relief may be appropriate if the taxpayer exercised ordinary business care and prudence, but due to circumstances beyond the taxpayer's control, he or she was unable to comply with the law.
4. Factors to consider include the following:
 - Timing
 - Effect on the taxpayer's business
 - Steps taken to attempt to comply
 - If the taxpayer complied when it became possible
5. The determination to grant relief from each penalty must be based on the facts and circumstances surrounding each individual case. Determine if the event resulted in a circumstance for which other penalty relief criteria may apply. For example, if the taxpayer was unable to access his or her records as the result of a fire. See *IRM 20.1.1.3.2.2.3*, Unable to Obtain Records. If the taxpayer, or responsible party, was unable to comply because he or she was hospitalized as the result of an accident. See *IRM 20.1.1.3.2.2.1*, Death, Serious Illness, or Unavoidable Absence.

20.1.1.3.2.2.3 (12-11-2009)

Unable to Obtain Records

1. Explanations relating to the inability to obtain the necessary records may constitute reasonable cause in some instances, but may not in others.
2. Consider the facts and circumstances relevant to each case and evaluate the request for penalty relief.
3. If the taxpayer was unable to obtain records necessary to comply with a tax obligation, the taxpayer may or may not be able to establish reasonable cause. Reasonable cause may be established if the **taxpayer exercised ordinary business care and prudence, but due to circumstances beyond the taxpayer's control, he or she was unable to comply.**
4. Information to consider when evaluating such a request includes, but is not limited to, an explanation as to the following:
 - Why the records were needed to comply.
 - Why the records were unavailable and what steps were taken to secure the records.
 - When and how the taxpayer became aware that he or she did not have the necessary records.
 - If other means were explored to secure needed information.
 - Why the taxpayer did not estimate the information.
 - If the taxpayer contacted the IRS for instructions on what to do about missing information.
 - If the taxpayer promptly complied once the missing information was received.
 - Supporting documentation such as copies of letters written and responses received in an effort to get the needed information.

20.1.1.3.2.2.4 (12-11-2009)

Mistake Was Made

1. The taxpayer may try to establish reasonable cause by claiming that a mistake was made. Generally, this is **not** in keeping with the **ordinary business care and prudence standard** and does not provide a basis for reasonable cause.

2. However, the reason for the mistake may be a supporting factor if additional facts and circumstances support the determination that the taxpayer exercised ordinary business care and prudence but nevertheless was unable to comply within the prescribed time.

3. Information to consider when evaluating a request for an abatement or non-assertion of a penalty based on a mistake or a claim of ignorance of the law includes, but is not limited to the following:

- a. When and how the taxpayer became aware of the mistake.
- b. The extent to which the taxpayer corrected the mistake.
- c. The relationship between the taxpayer and the subordinate (if the taxpayer delegated the duty).
- d. If the taxpayer took timely steps to correct the failure after it was discovered.
- e. The supporting documentation.

20.1.1.3.2.2.5 (11-21-2017)

Erroneous Advice or Reliance

1. Each request for penalty relief should be reviewed thoroughly to determine the exact basis of the taxpayer's request.

- a. Is the taxpayer claiming he or she did not comply due to specific advice he or she received from someone, whether orally or in writing, or
- b. Is the taxpayer claiming he or she relied on someone else to comply on his or her behalf?

2. Certain sections of the IRC and Treasury Regulations provide relief from certain penalties based on erroneous advice. See *IRM 20.1.1.3.3.4*, Advice, to first determine if a statutory exception or administrative waiver applies.

3. If the taxpayer states he or she relied on written or oral advice from the IRS but does not qualify for relief in accordance with the criteria in *IRM 20.1.1.3.3.4.1*, Written Advice From the IRS, or *IRM 20.1.1.3.3.4.2*, Oral Advice From the IRS, refer to *IRM 20.1.1.3.2.2*, Ordinary Business Care and Prudence, to determine if the taxpayer exercised ordinary business care and prudence in relying on the IRS's advice.

4. The taxpayer may try to establish reasonable cause by claiming he or she relied on another party to comply on his or her behalf. Generally, this

is **not** a basis for reasonable cause, particularly for filing or paying obligations, since **the taxpayer is responsible for meeting his or her tax obligations and that responsibility cannot be delegated**. However, other factors to consider include:

. Was the taxpayer unable to comply because he or she did not have access to his or her own records? See *IRM 20.1.1.3.2.2.3*, Unable to Obtain Records.

a. Was the failure to comply due to a change in the tax law the taxpayer could not reasonably be expected to know? See *IRM 20.1.1.3.2.2.6*, Ignorance of the Law.

5. Consider all facts and circumstances presented by the taxpayer to determine if, despite the exercise of ordinary business care and prudence, the taxpayer nevertheless was unable to comply.

20.1.1.3.2.2.6 (11-25-2011)

Ignorance of the Law

1. In some instances taxpayers may not be aware of specific obligations to file and/or pay taxes. The **ordinary business care and prudence standard** requires that taxpayers make reasonable efforts to determine their tax obligations. See *IRM 20.1.1.3.2.2*, Ordinary Business Care and Prudence.

2. Reasonable cause may be established if the taxpayer shows ignorance of the law in conjunction with other facts and circumstances. For example, consider the following:

a. The taxpayer's education.

b. If the taxpayer has previously been subject to the tax.

c. If the taxpayer has been penalized before.

d. If there were recent changes in the tax forms or law which a taxpayer could not reasonably be expected to know.

e. The level of complexity of a tax or compliance issue.

3. Reasonable cause should never be presumed, even in cases where ignorance of the law is claimed.

4. The taxpayer may have reasonable cause for noncompliance due to ignorance of the law if the following are true:

. A reasonable and good faith effort was made to comply with the law, or

- a. The taxpayer was unaware of a requirement and could not reasonably be expected to know of the requirement.

20.1.1.3.2.2.7 (08-05-2014)

Forgetfulness

1. The taxpayer may try to establish reasonable cause by claiming forgetfulness or an oversight by the taxpayer, or another party, caused the noncompliance. Generally, this is **not** in keeping with the **ordinary business care and prudence standard** and does not provide a basis for reasonable cause. See *IRM 20.1.1.3.2.2*, Ordinary Business Care and Prudence.
2. If the taxpayer claims forgetfulness or an oversight by another party, consider the following:
 - a. Relying on another person to perform a required act is generally not sufficient for establishing reasonable cause.
 - b. **It is the taxpayer's responsibility to file a timely return and to make timely deposits or payments. This responsibility cannot be delegated.**

20.1.1.3.3 (11-25-2011)

Statutory Exceptions and Administrative Waivers

1. This subsection addresses statutory exceptions and administrative waivers. These two very separate categories are placed together because in many instances an administrative waiver is an extension of rules that were provided for by statute.

20.1.1.3.3.1 (10-19-2020)

Statutory and Regulatory Exceptions

1. Tax legislation may provide an exception to a penalty. Specific statutory exceptions can be found in either the penalty-related IRC section(s) or the accompanying regulation(s). For example:

Legal

Reference	Title	IRM Reference
IRC 6654(e)(1), (2), or (3)	Estimated Tax Penalties (ES)	IRM 20.1.3

Legal Reference	Title	IRM Reference
IRC 7502(a) and IRC 7502(e) (IRC 7502(e) does not apply to deposits due after Dec. 31, 2010)	Timely Mailing Treated as Timely Filing and Paying	IRM 20.1.2 and IRM 20.1.4
IRC 6724	Waiver; Definitions and Special Rules, Information Return Penalties	IRM 20.1.7.12
IRC 6404(f)	Abatement of Any Penalty or Addition to Tax Attributable to Erroneous Written Advice by the Internal Revenue Service	<i>IRM 20.1.1.3.3.4.1</i>
IRC 7508	Time for Performing Certain Acts Postponed by Reason of Service in Combat Zone. This provision applies only in a presidentially declared Combat Zone	IRM 20.1.2.2.2.1, <i>Combat Zone-IRC 7508</i>
IRC 7508A and Treas. Reg. 301.7508A-1	Authority to Postpone Certain Deadlines by Reason of Federally Declared Disaster or Terroristic or Military Actions	IRM 25.16.1, <i>Disaster Assistance and Emergency Relief, Program Guidelines</i> and IRM 20.1.2.2.2.2, <i>Federal Disaster Area-IRC 7508A</i>

2. Legislation with retroactive provisions may provide guidance on associated penalties. As a result of that retroactive provision, the IRS may issue a news release or other guidance with instructions for the disposition of the related penalties.

3. IRC 6205 provides for an interest-free adjustment when an employer underreported and underpaid certain employment taxes if specific conditions

are met by the employer to report the error and pay the tax due. Prior to Jan. 1, 2009, IRC 6205 and related Treasury Regulations were silent in regard to penalties. Consequently, IRS extended an administrative waiver to certain penalties. See *IRM 20.1.1.3.3.2, Administrative Waivers*.

a. The regulations under IRC 6205 provide that an interest-free adjustment cannot be made if the failure to report relates to an issue that was raised in an examination of a prior return period or if the employer knowingly underreported its employment tax liability.

b. Also, under the regulations, an interest-free adjustment cannot be made after receipt of notice and demand for payment or after receipt of Letter 3523, Notice of Employment Tax Determination under IRC Section 7436.

4. Effective Jan. 1, 2009, Treas. Reg. 31.6205–1 and Treas. Reg. 31.6302–1 have been amended for interest-free adjustments. When all conditions have been met for an employer to qualify for an interest-free adjustment, the amount timely paid will be deemed to have been timely deposited by the employer. In other words, **tax deemed to have been timely deposited** is not subject to the failure to deposit (FTD), failure to pay (FTP), and failure to file (FTF) penalties. See *IRM 21.7.2.4.6, Adjusted Employer’s Federal Tax Return or Claim for Refund*, *IRM 20.1.2, Failure to File/Failure to Pay Penalties*, and *IRM 20.1.4, Failure to Deposit Penalty*, for required procedures and additional information.

. When all regulatory requirements have been met for the amount paid to be considered timely deposited by the employer, penalties should not be assessed.

a. If penalties were assessed, the account must be carefully reviewed to determine if penalty relief is appropriate, and if so, the correct reason for relief. Did the taxpayer state he or she met all requirements for an interest-free adjustment?

If	And	Then
The adjustment was input with Transaction Code (TC) 290, see <i>IRM 21.7.2.4.6, Adjusted Employer’s Federal Tax Return or Claim for Refund</i> , to determine if reversal of the TC 290 and reassessment with TC 298 is appropriate,	Manual penalty reversal is required (Master File will automatically reverse systemic penalty assessments),	Use Penalty Reason Code (PRC) 044.

If	And	Then
The adjustment was input with TC 298,	IRS asserted the penalty or penalties incorrectly ,	Refer to <i>IRM 20.1.1.3.4</i> , Correction of Service Error.
The adjustment was input with TC 298,	IRS asserted the penalty or penalties correctly ,	Explain the reason for the penalty or penalties to the taxpayer.
The taxpayer did not meet all requirements for an interest-free adjustment,	Established he or she was unable to comply timely due to reasonable cause and not due to willful neglect, (see <i>IRM 20.1.1.3.2</i> , Reasonable Cause),	Use the appropriate PRC for penalty abatement listed in <i>Exhibit 20.1.1-2</i> , Penalty Reason Code Chart.

20.1.1.3.3.2 (08-05-2014)

Administrative Waivers

1. The IRS may formally interpret or clarify a provision to provide administrative relief from a penalty that would otherwise be assessed. An administrative waiver may be addressed in either a policy statement, news release, or other formal communication stating that the policy of the IRS is to provide relief from a penalty under specific conditions.

Example:

An example of an administrative waiver is Notice 98-30, IRB 1998-22. This allowed a temporary waiver of the failure to deposit penalty for certain taxpayers first required to make federal tax deposits by EFTPS beginning on or after July 1, 1997.

2. An administrative waiver may be necessary when there is a delay by the IRS in the following:

- a. Printing or mailing forms,
- b. Publishing guidance (e.g. writing Regulations), or

c. Other conditions.

3. IRC 6205 permits adjustments to be made, without interest, to correct underpayments of employment taxes. The amount of the underpayment must be paid by the time an adjusted return (e.g., Form 941-X, Adjusted Employer's QUARTERLY Federal Tax Return or Claim for Refund) is filed or interest will begin to accrue from that date.

4. For errors discovered on or after January 1, 2009, see *IRM 20.1.1.3.3.1*, Statutory and Regulatory Exceptions, for penalty information related to interest-free adjustments for employment taxes.

5. For errors discovered prior to Jan. 1, 2009, take the following action to meet the IRS's responsibility to provide fair and consistent treatment to taxpayers:

. For an increase of tax that qualifies for an interest-free adjustment, the IRS will not assess failure to file (TC 16X), failure to pay (TC 27X), or failure to deposit (TC 18X) penalties; provided the tax increase was paid by the due date of the tax period in which additional tax was ascertained.

Note:

If there's a previously assessed TC 16X, on the tax period, it may be necessary to restrict the failure to file penalty by entering a TC 160 .00 on the adjustment.

a. The tax adjustment will be represented by a TC 298/308, with an interest computation date.

b. If one of the previously identified penalties has been assessed and a request for abatement is received, the abatement will be done as an administrative waiver if the penalty is based on the TC 298/308 tax increase (provided the tax increase was paid by the due date of the tax period in which it was ascertained).

20.1.1.3.3.2.1 (10-19-2020)

First Time Abate (FTA)

1. IRS provides administrative relief from the following penalties if the qualifying criteria contained in this subsection are met:

a. Failure to file (FTF) penalty under IRC 6651(a)(1), IRC 6698(a)(1), or IRC 6699(a)(1),

b. Failure to pay (FTP) penalty under IRC 6651(a)(2) and/or IRC 6651(a)(3), and

c. Failure to deposit (FTD) penalty under IRC 6656.

2. This administrative waiver, implemented in 2001, is referred to as First Time Abate (FTA) and is available for penalty relief the first time a taxpayer is subject to one or more of the referenced penalties for a single return. However, even when FTA criteria outlined in paragraphs (4)-(6) have otherwise been met, do not provide penalty relief under the FTA waiver unless the following are also true:

. The taxpayer has filed, or filed a valid extension for, all required returns currently due,
AND

a. The taxpayer has paid, or arranged to pay, any **tax** currently due.

Note:

Although reported as a tax on Form 1040, this does not include an unpaid Shared Responsibility Payment (SRP) applicable under IRC 5000A(b).

- When determining if the taxpayer has filed, or filed a valid extension for, all returns currently due, consider the taxpayer current with this requirement if the taxpayer states they filed any missing return or timely extension to file whose due date is no more than 45 days prior to the current date. For returns or extensions to file that were due more than 45 days prior to the current date, either secure a processable copy of each return or request evidence that a valid and timely extension request was filed, as applicable.

Example:

If considering penalty relief on May 25, 2021 and the taxpayer otherwise meets FTA criteria, consider the taxpayer current for the 2020 Form 1040 if the taxpayer states that the return or an extension request was filed, even if no record of the return or the extension can be found.

- Do not consider the taxpayer current in filing a required return if the assessment is made via an unagreed “substitute for return” (SFR) pursuant to IRC 6020(b).
- When determining if the taxpayer has paid, or arranged to pay, any tax currently due, consider the taxpayer current with this requirement if they have a valid open payment plan (e.g., Short Term

Payment Plan or an installment agreement) and are current with the required installment payments.

Example:

A taxpayer called IRS on October 25, 2019 and requested the FTA waiver for FTF and FTP penalty relief on their 2017 Form 1040. Discussion with the taxpayer and research of the module confirmed that there were no corrective actions needed (e.g., correction to tax, missing payments, missing request for an extension of time to file). Review of the taxpayer's account supported that all FTA eligibility criteria were met, all required returns were filed, and a current installment agreement for any remaining balances due (2017 and 2018 Forms 1040) showed all required payments to date were timely received. The FTA waiver may be granted for penalty relief on the 2017 Form 1040 module.

Example:

A taxpayer called IRS on July 30, 2019 and asked for a 60-day Short Term Payment Plan for their 2017 and 2018 Form 1040 balances due and requested the FTA waiver for FTF and FTP penalty relief on their 2017 Form 1040. Discussion with the taxpayer and research confirmed there were no corrective actions needed (e.g., correction to tax, missing payments, missing request for an extension of time to file). The 60-day Short Term Payment Plan was input as requested. Since review of the taxpayer's account supported that all FTA eligibility criteria were met, all required returns were filed, and all balance due modules (2017 and 2018 Forms 1040) reflected the current 60-day Short Term Payment Plan, the FTA waiver may be granted for penalty relief on the 2017 Form 1040 module.

3. The Reasonable Cause Assistant (RCA) is programmed to determine if FTA criteria are met. Refer to *IRM 20.1.1.3.6*, Reasonable Cause Assistant, for RCA policy and additional FTA guidelines in *IRM 20.1.1.3.6.1*, RCA and First Time Abate (FTA) Consideration, when RCA is used.

Exception:

RCA is unable to determine if the taxpayer has filed all returns and paid, or arranged to pay, all tax currently due. The account must be reviewed manually

to determine if these criteria have been met prior to removing any penalties under the FTA waiver.

4. The following FTA waiver eligibility criteria applies to all taxpayers:

Note:

When determining if FTA criteria are met, the criteria below applies to the same MFT as the penalized MFT unless the penalized MFT is 01, 14, 30, or 31. If the penalized MFT is 01 or 14, the criteria applies to both MFTs 01 AND 14. If the penalized MFT is 30 or 31, the criteria applies to both MFTs 30 AND 31.

- . The tax period ending date is later than Dec. 31, 2000, and
 - a. The taxpayer has not been required to file the same return, or no tax modules for the same return are in TDI Status 02, 03, or 04 (IMF), for the 3 years preceding the penalized tax period (see Exception), and
 - b. If required to file the same return during the preceding 3 years, has no unreversed penalties (except an estimated tax penalty, TC 17X) ≡ ≡ ≡ ≡ ≡ ≡ ≡ ≡ ≡ ≡ and a notice was issued showing the assessed penalty or penalties (a module balance cleared with a TC 606 indicates a notice showing the assessed penalty or penalties **was not** issued), and
 - c. If required to file the same return during the preceding 3 years, has no penalties manually suppressed or reversed with Penalty Reason Code (PRC) 018 (FTA, RCA not used), 020 (FTA, RCA used), or 021 (Tolerance). See *Exhibit 20.1.1-2*, Penalty Reason Code Chart (see Exception).

Exception:

If subsequent information shows the taxpayer was either not required to file a return or that they did in fact comply and were not subject to any penalty on a module on which a penalty abatement was input with PRC 018, 020, or 021, consider the taxpayer compliant for that module.

Note:

If a MFT 06, 07, or 08 module for the first tax year beginning after December 31, 2015, and before January 1, 2017, contains a penalty abatement input with PRC 018 (or 020) AND a TC 971 with Action Code

199 stating **PER NOTICE 2017-47**, disregard the penalty reversal that was input with PRC 018 (or 020). Public Law 114-41 changed the due date of returns processed on MFTs 06, 07, and 08 from the fifteenth day of the fourth month following the close of the taxable year to the fifteenth day of the third month following the close of the taxable year for tax years beginning after December 31, 2015. Notice 2017-71 (which superseded Notice 2017-47) provides penalty relief for the first return due for a taxable year beginning in 2016 that would have been timely if not for the due date change. The Notice also provided that taxpayers qualifying for relief would not be treated as having received a first-time abatement. A TC 971 with Action Code 199 stating **PER NOTICE 2017-47** was input on all modules meeting relief criteria, however, some penalties were incorrectly abated with PRC 018 (or 020) prior to input of the TC 971.

5. When determining if FTA criteria are met for penalties assessed on MFT 30 or 31, the taxpayer(s) must meet FTA criteria on all returns required to be filed as a primary and secondary taxpayer, if applicable.

Example:

If the filing status of the return on the penalized period is Married Filing Joint and the required returns in the preceding 3 years were not filed under the same primary SSN and with the same filing status and same primary and secondary SSNs, FTA criteria for both SSNs must be met.

Example:

If the filing status on the return on the penalized period is other than Married Filing Joint and the taxpayer filed, or was required to file, as a secondary taxpayer during the preceding 3 years, FTA criteria must be met for all returns on which the taxpayer was reported, or was required to be reported, as the secondary taxpayer on a joint return.

6. In addition to the criteria in paragraph (4), FTA criteria will not be met on BMF accounts if any of the following is true:

- . A total of four or more FTD penalty waiver codes are present in the taxpayer's three-year penalty history. Waiver Code 24 is set when the FTD penalty is waived due to a change in deposit frequency. Waiver Code 25 is set when the FTD penalty is waived per IRM 20.1.4.3, Restrictions on Assessments, criteria. Waiver codes, if posted, are

shown in Command Code (CC) BMFOL definer R with the literal FTD PEN WAIVER CD.

Note:

Some employers with COVID-19 credits that filed Form 941 for tax period ending June 30, 2020 followed directions per Notice 2020-22, Relief from Penalty for Failure to Deposit Employment Taxes, and also existing instructions for Form 941 and Schedule B when reporting their liabilities. This caused some employers to incur an FTD penalty. Due to this issue, disregard Waiver Code 25 for MFT 01 for tax period ending June 30, 2020 when determining if FTA criteria are met.

a. The FTD penalty is charged for EFTPS avoidance. However, if the taxpayer made some deposits electronically by EFTPS as required but not all and all other FTA criterion are met, any portion of an FTD penalty not attributable to EFTPS avoidance can be removed or suppressed. If the portion of the penalty attributable to EFTPS avoidance meets IRM 20.1.4.3, Restrictions on Assessments, criteria, remove the penalty in full.

b. Review of the three-year look back period shows the Form 1120, U.S. Corporation Income Tax Return, or Form 1120-S, U.S. Income Tax Return for an S Corporation, was filed late but not penalized.

Note:

=====

c. The penalty is charged for an incomplete Form 1120-S under IRC 6699(a)(2) or Form 1065 under IRC 6698(a)(2). See IRM 20.1.2.6, Failure to File S Corporation Return-IRC 6699, and IRM 20.1.2.4, Failure to File a Partnership Return-IRC 6698. An incomplete return penalty is assessed on MFT 02 or 06 with a TC 246 or a TC 240 without a three digit penalty reference number (PRN). Taxpayers that file an incomplete Form 1120-S or Form 1065 are provided an opportunity to

submit the missing information before the incomplete return penalty is assessed.

7. In addition to the criteria contained in paragraphs (4)-(6), penalty relief under the FTA waiver does not apply to the following:

- Returns with an event-based filing requirement, generally returns filed once or infrequently such as Form 706, U.S. Estate Tax Return, and Form 709, United States Gift (and Generation-Skipping Transfer) Tax Return.
- The daily delinquency penalty (DDP), see e.g., IRC 6652(c)(2)(A) and IRM 20.1.8, Employee Plans and Exempt Organization Penalties.
- Information reporting that is dependent on another filing, such as various forms that are attached.

Example:

Penalties assessed against a late or unfiled Form 5471, Information Return of U.S. Persons With Respect To Certain Foreign Corporations, or Form 5472, Information Return of a 25% Foreign-Owned U.S. Corporation or a Foreign Corporation Engaged in a U.S. Trade or Business. See IRM 20.1.9, International Penalties.

- This list is not all inclusive.

8. FTA is an administrative waiver and does not carry any oral statement authority (OSA) threshold. See *IRM 20.1.1.3.1*, Unsigned or Oral Requests for Penalty Relief, for OSA guidelines.

9. As stated in paragraph (2), penalty relief under the FTA waiver only applies to a single tax period. Further, penalty relief under the FTA waiver only applies to a tax period for which the qualifying criteria in paragraphs (4)-(6), as applicable, have been met. In addition, the FTA waiver is not applicable based solely on a taxpayer's first request for penalty relief.

Example:

If a Form 941 filer was compliant for calendar years 2013, 2014, and 2015 but made late deposits and was assessed FTD penalties on all 4 2016 tax periods, FTA criteria can only be met and the waiver applied to the tax period ended 201603. Reasonable cause criteria must be met for tax periods 201606, 201609, and 201612.

Example:

If the same Form 941 filer was not compliant during calendar year(s) 2013, 2014, and/or 2015 but didn't request penalty relief for those years and their first request for penalty relief is for the 4 FTD penalties on their 2016 returns, penalty relief under the FTA waiver is not appropriate for any of the 2016 penalties.

10. An FTA waiver is not penalty-specific. In other words, if the taxpayer has any unreversed penalties (except an ES penalty) on a module in the three-year look-back period, or any penalties reversed with PRC 018, 020, or 021, the FTA waiver does not apply to any penalty on the module under consideration.

Example:

If a taxpayer was assessed an FTD penalty and no other penalties on Form 941 for tax period 201703 and a review of the three-year look-back period shows an unreversed FTP penalty ≡ ≡ ≡ ≡ ≡ ≡ ≡ ≡ ≡ (and a notice was issued), or the FTP penalty was removed with PRC 018, 020, or 021, the FTA waiver does not apply for 201703 tax module.

11. Per *IRM 20.1.1.3, Criteria for Relief From Penalties*, penalty relief under Administrative Waivers, including FTA, is to be considered and applied before reasonable cause. If FTA criteria are met, the FTA waiver will be applied before reasonable cause and the taxpayer must be notified that we removed their penalty or penalties based on their prior history of compliance and not based on their reasonable cause statement.

Caution:

Do not provide relief under the FTA waiver if there is clear and convincing evidence that the taxpayer did in fact comply and is not subject to any penalties or if the penalty or penalties is/are the result of an IRS error. Take appropriate corrective actions that will result in systemic reversal of the penalty or penalties. If the module is restricted from removing the penalty or penalties systemically or the penalty or penalties is/are clearly the result of an IRS error then input the penalty abatement transaction(s) with penalty reason code (PRC) 045.

12. When penalty relief under the FTA waiver is granted, notify the taxpayer that the penalty or penalties have been removed based on their prior history of compliance and not based on a reasonable cause explanation provided, if applicable. Correspondence Letters 168C, 3502C (RCA only), and 3503C (RCA only), as well as ICS (integrated collection system) macro letters 4722, 4723, and 4724,

contain appropriate paragraphs to use for this notification requirement. The following is an example of this paragraph:

Example:

We approved your request to remove the penalties. However, we only granted penalty relief because you have a good history of filing and paying on time. This type of penalty removal is only available one time. We will base our decisions to remove any future penalties on reasonable cause criteria.

Note:

When applicable, include an explanation that educates the taxpayer how to be compliant in the future. Examples of when an explanation may not be applicable include deceased taxpayers and telephone contacts during which an explanation was provided verbally.

13. If the tax is not paid in full on the module that meets FTA criteria and the taxpayer is current with installment agreement payments (and has filed all returns currently due), allow abatement of the FTP penalty under the FTA waiver determined to the current date and use reason code **(RC) 062** with the TC 271. While the FTA waiver is an administrative waiver and not reasonable cause, the **RC 062** will not restrict Master File from continuing to compute the FTP penalty on the unpaid tax and is to be used in this instance only.

Note:

An open paragraph must be used in Correspondex Letters 168C, 3502C, and 3503C to inform the taxpayer that the FTP penalty will continue to apply to the unpaid tax. After the tax is paid in full, the additional FTP penalty can be removed under the FTA waiver.

Caution:

If the tax is paid in full or the taxpayer has agreed to pay the balance owed immediately upon receipt of notice of abatement of the penalty (see IRM 20.1.2.2.4.1(9), Penalty Abatements and Re-assessments), allow abatement or suppression of the assessed amount of FTP penalty (i.e., input TC 270 for \$0.00 if the module only reflects accrued FTP). On IMF modules, use RC 065.

14. Per *IRM 20.1.1.5.1*, Master File Penalty Reason Codes, a PRC is required when abating an assessed penalty or suppressing a penalty that is otherwise applicable. The FTA waiver carries its own PRCs as follows:

- **PRC 018** - To be used when an independent determination of the taxpayer's eligibility for penalty relief under the FTA waiver is made. This includes situations where RCA is used but RCA did not determine FTA criteria have been met.
- **PRC 020** - To be used when RCA is used and RCA displays a message indicating the module under review meets FTA criteria. This includes situations where RCA displays a message indicating one or more modules in the three-year history have been moved to the retention register and manual review of the module(s) moved to the retention register confirms FTA criteria have been met.

15. Taxpayers are not required to specifically request penalty relief under the FTA waiver to be eligible for the waiver. If one or more penalties eligible for relief under the FTA waiver remain after all account discrepancies have been corrected, and/or are being proposed in the course of an examination, abatement or suppression of the penalty or penalties should be made if all FTA criteria have been met.

20.1.1.3.3.3 (08-05-2014)

Undue Hardship

1. An undue hardship may support the granting of an extension of time for paying a tax or deficiency (i.e., Form 1127, Application for Extension of Time for Payment of Tax Due to Undue Hardship). Treas. Reg. 1.6161-1(b), provides that an undue hardship must be more than an inconvenience to the taxpayer. The taxpayer must show that he or she would sustain a substantial financial loss if **required to pay** a tax or deficiency on the due date.
 - a. Undue hardship generally **does not** affect a person's ability to file and therefore would not provide a basis for penalty relief in a failure to file situation. However, each request must be considered on a case-by-case basis.
 - b. Undue hardship may establish reasonable cause for failure to file on magnetic media under Treas. Reg. 301.6724-1. See IRM 20.1.7, Information Return Penalties.
 2. The extension of time to pay does not provide the taxpayer with an extension of time to file. Nor does the extension of time to pay relieve the taxpayer of any appropriate penalties. See IRM 20.1.2.2.3.2, Extensions of Time to Pay-IRC 6161.
 3. Undue hardship **may** also support relief from the addition to tax for failure to pay tax if the explanation for the noncompliance supports such a

determination. However, the mere inability to pay **does not** ordinarily provide the basis for granting penalty relief. Under Treas. Reg. 301.6651-1(c), the taxpayer must also show that he or she exercised ordinary business care and prudence in providing for the payment of the tax liability.

- . The taxpayer may claim that enough funds were on hand, but as a result of unanticipated events, the taxpayer was unable to pay the taxes.
 - a. Consider an individual taxpayer's inability to pay a factor when considering penalty relief if the taxpayer shows that, had the payment been made on the payment due date, undue hardship (as defined in Treas. Reg. 1.6161-1(b)) would have resulted.
 - b. In the case where a taxpayer files bankruptcy, consider inability to pay a factor if the insolvency occurred before the tax payment due date.
 - 4. If payroll was met, taxes were withheld and should be available for deposit. Employers must reserve money withheld from employees' wages in trust until deposited. The employer should not use the money for any other purpose. Undue hardship does not support relief from the penalty under IRC 6672, Failure to Collect and Pay Over Tax, or Attempt to Evade or Defeat Tax (Trust Fund Recovery Program).
 - 5. Information to consider when evaluating a request for penalty relief includes, but is not limited to, the following:
 - . When did the taxpayer know he or she could not pay?
 - a. Why was the taxpayer unable to pay?
 - b. Did the taxpayer explore other means to secure the necessary funds?
 - c. What did the taxpayer supply in the way of supporting documentation, such as copies of bank statements?
 - d. Did the taxpayer pay when the funds became available?
- 6. Use the appropriate PRC if penalty relief is warranted. See *Exhibit 20.1.1-2*.

20.1.1.3.3.4 (08-05-2014)

Advice

- 1. This section discusses the following three basic types of advice that may qualify for statutory, regulatory, or administrative penalty relief:
 - a. Written advice provided by IRS

- b. Oral advice provided by IRS
- c. Advice provided by a tax professional
 - 2. Information to consider when evaluating a request for abatement or non-assertion of a penalty due to reliance on advice includes, but is not limited to, the following:
 - . Was the advice in response to a specific request and was the advice received related to the facts contained in that request?
 - a. Did the taxpayer reasonably rely on the advice?
 - 3. The following instances address some situations where penalty relief may not be appropriate even though the taxpayer relied on written advice from the IRS regarding an item on a filed return:
 - . The taxpayer did not reasonably rely on the advice regarding an item **included on a return** if the advice was received after the date the return was filed.

Note:

A taxpayer may be considered to have reasonably relied on advice received after the return was filed if he or she then filed an amended return that conformed with such written advice.

- a. A taxpayer may not be considered to have reasonably relied on written advice **unrelated** to an item included on a return, such as advice on the payment of estimated taxes, if the advice is received after the estimated tax payment was due.
- b. If the taxpayer, or his or her authorized representative, provided the IRS or the tax professional with adequate and accurate information, the taxpayer is entitled to penalty relief for the period during which he or she relied on the advice. The period continues until the taxpayer is **placed on notice** that the advice is no longer correct or no longer represents the IRS's position.
 - 4. The taxpayer is **placed on notice** as the result of any of the following events that present a contrary position and occur after the issuance of the written advice:
 - . Written correspondence from the IRS that its advice is no longer correct or no longer represents the IRS's position.
 - a. Enactment of legislation or ratification of a tax treaty.
 - b. A U.S. Supreme Court decision.

- c. The issuance of temporary or final regulations.
- d. The publication of a revenue ruling, revenue procedure, or other statement in the Internal Revenue Bulletin (IRB).
 - 5. Generally, Form 843, Claim for Refund and Request for Abatement, is required to be filed to request penalty abatement based on erroneous written advice by the IRS. However, if Form 843 is not filed and the information provided demonstrates that abatement of the penalty is warranted, the penalty should be abated, whether or not a Form 843 is provided. Information required to be provided includes the following:
 - . The taxpayer's written request for advice,
 - a. The erroneous written advice furnished by the IRS to the taxpayer and relied on by the taxpayer, and
 - b. The report (if any) of tax adjustments that identifies the penalty or addition to tax and the item relating to the erroneous written advice.

20.1.1.3.3.4.1 (11-25-2011)

Written Advice From the IRS

1. The IRS is required by IRC 6404(f) and Treas. Reg. 301.6404-3 to abate any portion of any penalty attributable to erroneous written advice furnished by an officer or employee of the IRS acting in his or her official capacity.
2. If the taxpayer does not meet the criteria for penalty relief under IRC 6404(f), the taxpayer may qualify for other penalty relief. For instance, taxpayers who fail to meet all of the IRC 6404(f) criteria may still qualify for relief under reasonable cause if the IRS determines that the taxpayer exercised ordinary business care and prudence in relying on the IRS's written advice. See *IRM 20.1.1.3.2.2.5, Erroneous Advice or Reliance*.
3. Requests that qualify for penalty relief based on erroneous written advice from the IRS under IRC 6404(f) must be filed according to the following under Treas. Reg. 301.6404-3(e):
 - a. Within the period allowed for collection of the penalty or addition to tax, or

- b. If the penalty or addition to tax has been paid, within the period allowed for claiming a credit or refund of such penalty or addition to tax.

20.1.1.3.3.4.2 (12-11-2009)

Oral Advice From IRS

1. The IRS may provide penalty relief based on a taxpayer's reliance on erroneous oral advice from the IRS where the penalty allows relief for reasonable cause. The IRS is required by IRC 6404(f) and Treas. Reg. 301.6404-3 to abate any portion of any penalty attributable to erroneous **written** advice furnished by an employee acting in his or her official capacity. Administratively, the IRS has extended this relief to include erroneous oral advice when appropriate.
2. In addition to considering the criteria provided in Treas. Reg. 301.6404-3, *IRM 20.1.1.3.3.4*, Advice, and *IRM 20.1.1.3.3.4.1*, Written Advice From the IRS, consider the following:
 - a. Did the taxpayer exercise ordinary business care and prudence in relying on that advice?
 - b. Was there a clear relationship between the taxpayer's situation, the advice provided, and the penalty assessed?
 - c. What is the taxpayer's prior tax history and prior experience with the tax requirements?
 - d. Did the IRS provide correct information by other means (such as tax forms and publications)?
 - e. What type of supporting documentation is available?
3. The following is supporting documentation:
 - . A notation of the taxpayer's question to the IRS,
 - a. Documentation regarding the advice provided by the IRS,
 - b. Information regarding the office and method by which the advice was obtained,
 - c. The date the advice was provided, and
 - d. The name of the employee who provided the information.

20.1.1.3.3.4.3 (11-21-2017)

Advice From a Tax Advisor

1. Reliance on the advice of a tax advisor generally relates to the reasonable cause exception in IRC 6664(c) for the accuracy-related penalty under IRC 6662. See IRM 20.1.5.7.4, Reliance on Advice, and Treas. Reg. 1.6664-4(c).
2. However, in very limited instances, reliance on the advice of a tax advisor may provide relief from other penalties when the tax advisor provides advice on a substantive tax issue.

Example:

The employer researched all available IRS publications on the subject of contract labor, provided clear and convincing documentation as to the duties of the workers to the tax advisor, and requested an opinion from the tax advisor as to whether the workers were "contract labor" or "employees." As a result, the tax advisor advised the employer that the workers were "contract labor." However, the IRS later determined that the workers were "employees" and not "contract labor."

3. Penalty relief based on reliance on the advice of a tax advisor is limited to issues generally considered technical or complicated. **The taxpayer's responsibility to file, pay, or deposit taxes generally cannot be excused by reliance on the advice of a tax advisor.**
4. Because the IRC and treasury regulations sections that provide penalty relief criteria for erroneous advice from a tax advisor are generally limited to the accuracy-related penalty, relief from other penalties must meet the reasonable cause standards. See *IRM 20.1.1.3.2*, Reasonable Cause.

20.1.1.3.3.5 (10-19-2020)

Fire, Casualty, Natural Disaster, or Other Disturbance-Major Disasters

1. This section discusses penalty relief provisions for circumstances that generally fall under the definition of "major disaster" (such as a hurricane, tornado, earthquake, etc.) or "emergency" (see IRM 25.16.1.5, Disaster Tax Relief Options) and that affect a significant number of taxpayers located within a designated geographical area (see IRM 25.16.1.7, Disaster Zip Code Communication).
2. Generally, relief is provided in the form of extensions of time to file or pay and is usually provided systemically with the setting of an "-O" Freeze or "-

S" Freeze posted to the account. See IRM 25.16.1.8.2, -O Freeze, and IRM 25.16.1.8.1, -S Freeze.

3. The determination to grant relief from each penalty must be based on the facts and circumstances surrounding each individual case.

4. For additional guidelines, including guidelines for reasonable cause consideration where systemic penalty relief is not applicable, see *IRM 20.1.1.3.2.2.2*, Fire, Casualty, Natural Disaster, or Other Disturbance-Reasonable Cause.

20.1.1.3.3.6 (11-25-2011)

Official Disaster Area

1. When a significant disaster occurs affecting a wide area of taxpayers, the IRS often issues special instructions to facilitate evaluating the request for penalty relief.

2. Because these are one-time instructions, they will not be incorporated in this IRM. Territories, campuses, and customer service sites will be kept informed of any special instructions affecting their areas.

20.1.1.3.4 (08-05-2014)

Correction of Service Error

1. An IRS error can be any error made by the IRS in computing or assessing tax, crediting accounts, etc. See *Exhibit 20.1.1-2*, Penalty Reason Code Chart, for the appropriate **PRC** to be used when abating either a systemically-generated or manually-input penalty.

2. When an analyst from any area of the IRS identifies a **computer programming application** that caused a penalty to be assessed in error, that analyst should coordinate the following with OSP:

a. Contact Information Technology (IT) to resolve the inadequate **computer application**, and

b. Include on the unified work request (UWR) a statement indicating that **PRC 015** must be used to identify any abatement of a penalty resulting from reversal of the **computer application**.

3. Other IRS error examples include the following:

. A math error when manually computing a penalty.

- a. An extension of time to file that did not post to the Master File (and manual input of a TC 460 did not, or will not, result in an automatic penalty reversal, if input of a TC 460 is appropriate in accordance with IRM 20.1.2.2.3.1.1, Extension of Time to File Not Found).
- b. Any other error, when it can be shown that; (1) the taxpayer did in fact comply with the law, and (2) the IRS did not initially recognize that fact.

20.1.1.3.5 (10-19-2020)

Evaluating Penalty Relief Requests

1. The **initial** request for relief may occur either during or after an examination (but before a penalty is actually assessed), with a return that is either filed or paid late, or after assessment of the penalty or penalties and notification issued to the taxpayer.
2. When the request is received, carefully analyze the taxpayer's reasons to determine if penalty relief can be considered and is warranted. The burden of proving entitlement to relief is generally upon the taxpayer.

Caution:

Prior to analyzing the taxpayer's reason(s), analyze the account to determine if penalty relief cannot be considered, or if relief can only be considered by another IRS function. An example includes, but is not limited to, Freeze Codes "F-", "-N", "-V", "-W", "-Y", "-Z", or "Z-".

3. The following guidelines generally apply to all penalties for which the IRC provides relief. As stated in *IRM 20.1.1.3, Criteria for Relief From Penalties*, the penalty relief criteria contained throughout *IRM 20.1.1, Introduction and Penalty Relief*, do not apply to all penalties referenced in IRM 20.1, Penalty Handbook. Refer to the applicable IRM 20.1, Penalty Handbook, section(s) for additional criteria depending on the penalty or penalties for which relief is requested. See *IRM 20.1.1.1.2, Authority*.
4. Each request must be evaluated on its own merit, including the following:
 - a. The events or parties involved,
 - b. If the taxpayer exercised ordinary business care and prudence, but due to circumstances or events beyond the taxpayer's control the taxpayer was unable to meet the tax requirement,

c. If other penalty relief criteria apply (such as a statutory or regulatory exception or an administrative waiver).

5. The taxpayer's obligation to meet the requirement is ongoing. Ordinary business care and prudence requires that the taxpayer continue to attempt to meet the requirements, even though late.

6. The request must identify the penalty or penalties for which relief is requested and address the reason(s) applicable to the penalty or penalties since each penalty is for a different type of failure. If one specific penalty is not identified, but it's clear the taxpayer is requesting relief from all penalties on the module, then all may be considered. However, if the taxpayer specifically requests relief from only one penalty, then only that one penalty should be considered. (If FTA criteria are met, the FTA waiver would apply to all applicable penalties on the module. Refer to *IRM 20.1.1.3.3.2.1*, First Time Abate (FTA), for penalty relief under the FTA administrative waiver.) Determine if the taxpayer's explanation addresses the penalty or penalties imposed.

. The dates and explanations should clearly correspond with events on which the penalties are based to show that the taxpayer is entitled to relief from the penalty.

a. Request additional information from the taxpayer to clarify any explanations if the dates and explanations do not correspond with the events on which the penalty is based.

Note:

See *IRM 20.1.1.3.3.2.1*, First Time Abate (FTA). If the penalty or penalties being considered is/are eligible for relief under the FTA waiver, determine if the taxpayer meets FTA criteria before requesting additional information.

7. Review available IRS information in determining whether or not the taxpayer exercised ordinary business care and prudence. Check the **preceding tax years (go back at least three years or twelve quarters)** for payment patterns and the taxpayer's overall compliance history.

. Assertion of the same penalty or penalties in the taxpayer's history may indicate that the taxpayer is not exercising ordinary business care.

a. If this is the taxpayer's first incident of noncompliant behavior, weigh this factor with other reasons the taxpayer gives for relief since a first time failure to comply does not by itself establish reasonable cause. However, see the *IRM 20.1.1.3.3.2.1*, First Time Abate (FTA), administrative waiver.

8. Consider the length of time between the event cited as a reason for the noncompliance and subsequent compliance. The length of time between events may serve to cancel or reduce the event's effect. Penalty relief may not be appropriate if, after considering all facts and circumstances, the taxpayer failed to correct his or her noncompliant behavior within a reasonable period of time.

9. The following are examples where penalty relief may **not** be appropriate:

. The taxpayers claim that they were unable to comply with the filing requirement due to a death in the family. The death occurred several months prior to the due date of the return. The return was not filed until a year after the due date of the return.

a. Taxpayers claim that they were unable to comply with the filing requirement because the records necessary for filing were in the control of a third party, e.g., a bankruptcy trustee or an accountant. The records were returned to the taxpayer well in advance of the time the return was required to be filed. The return was not filed until several months after the records were returned.

b. In both of the examples, the timing of the event may prevent the taxpayer from receiving penalty relief unless other factors justify the delay in filing.

10. Consider if the taxpayer could have anticipated the event that caused the non-compliance. See *IRM 20.1.1.3.2.2*, Ordinary Business Care and Prudence.

20.1.1.3.5.1 (10-19-2020)

Subsequent Requests for Penalty Relief

1. A second or subsequent request for penalty relief may be received after the initial request for relief has been denied.
2. If the penalty was previously sustained in the IRS Independent Office of Appeals (Appeals), forward the request to the appropriate Appeals office. (This may be identified by the presence of **PRC 041/042** followed by a TC 290 for \$0.00 with a Blocking Series 96X, -N Freeze Code on the account.)
3. If review of the account indicates that the taxpayer's request for penalty relief was previously disallowed (and not sustained in Appeals), review the circumstances of the previous denial.

If	And	Then
The taxpayer is submitting new information,	The facts presented in the new information meet penalty relief criteria (see <i>IRM 20.1.1.3</i> , Criteria for Relief From Penalties),	Abate the penalty or penalties. See <i>IRM 20.1.1.3.5.2</i> , Taxpayer Entitled to Relief.
The taxpayer is submitting new information,	The facts presented in the new information do not meet penalty relief criteria,	Notify the taxpayer that relief cannot be granted based on the new information provided and the information contained in the original disallowance.
The taxpayer is submitting new information,	The facts presented do not meet penalty relief criteria and the taxpayer indicates a desire for appealing the decision,	Forward the case to Appeals with all required information (and notify the taxpayer the additional information does not meet penalty relief criteria and their request is being forwarded to Appeals).
The taxpayer is not submitting new information,	The taxpayer has not requested an appeal of the previous determination,	Inform the taxpayer the penalty relief request cannot be considered.
The taxpayer is not submitting new information,	The taxpayer is requesting an appeal of the previous determination,	Forward the case to Appeals with all required information.
The taxpayer is not submitting new information,	It is unclear what the taxpayer wants,	Contact the taxpayer to request clarifying information.

4. Generally, a campus penalty appeals coordinator will forward the cases to the Ogden Appeals Campus Office, however, the applicable Appeals office may vary based on the type of case. See (6) below. Cases transferred to Appeals must include the following documents:

a. The letter requesting an appeal, signed by the taxpayer or an authorized power of attorney (POA) (with a valid Form 2848, Power of Attorney and Declaration of Representative, on file).

Note:

Form 8821, Tax Information Authorization, or Form 2848, Level H, is not considered an authorized POA.

b. A copy of the previously denied penalty relief request (the TC 290 .00 in Blocking Series 98/99 source document). If the source document is not available, provide a copy of the Files charge-out information to Appeals.

c. A copy of the disallowance letter or a print of the LPAGE input screen showing the 'Request Completed' response message (852C, 853C, 854C, 2413(P), 2414(P) or other disallowance letter).

d. A cover sheet (Form 12835, Transmittal of a Case to Appeals) identifying the tax period and the type and amount of each penalty.

e. Form 3210, Document Transmittal, may not be required when transferring via the Correspondence Imaging System (CIS). Check with the receiving function.

5. When transferring a case to the Ogden Appeals Campus Office, complete the following:

- . Input a TC 971 with Action Code 251 on each tax period being transferred,
- a. Reassign the control base to Appeals (category APPZ), and
- b. Input TC 470 with Closing Code 90, if applicable.

6. Mail the case to the applicable address shown in the Appeals Campus Case Routing Spreadsheet Tool at <https://organization.ds.irsnet.gov/sites/AppealsCOS/APS/SitePages/CaseRouting.aspx>.

Caution:

Ensure the appropriate Type of Case is selected from the drop-down list. For international cases, select "International Exam and PBC 315 and PENAP and FBAR" .

20.1.1.3.5.2 (10-19-2020)

Taxpayer Entitled to Relief

1. If the taxpayer provides an explanation that supports their request for penalty relief, waive or abate the applicable penalty or penalties. If the explanation applies to one penalty or multiple penalties but not all penalties, only the penalty or penalties to which the explanation applies should be waived or abated.
2. Document the decision and the basis for providing relief according to functional guidelines. Attach a copy of the information to the original return (if available) or other transaction (input) document.
3. Decisions with respect to penalties made by compliance personnel should not ordinarily be changed by personnel within another functional area. Before considering relief for any penalty or penalties asserted by compliance personnel, contact that office to determine if the case should be returned to the originating office.
4. If relief is granted prior to assertion of the penalty or penalties, use computer condition codes to suppress the automatic assertion of the penalty or penalties. Functional areas that forward returns to be processed must request that the campus prevent the assessment of the penalty or penalties. This may be done by doing the following:
 - a. Writing "reasonable cause" or "penalty relief" (as appropriate) in the preprinted penalty block on the return,
 - b. Requesting the penalty assessment transaction code be input for zero amount,
 - c. Editing a computer condition code (CCC) on the return, or
 - d. Preparing other forms appropriate for forwarding returns or penalty computations for processing.

Note:

In addition, annotate the appropriate penalty reason code (PRC) on the respective form or return.

5. If relief is granted after the assessment of a penalty, follow procedures for abating the penalty or the appropriate portion of the penalty. Adjustments to penalties that are due to reasonable cause must include **Reason Code 062** and the appropriate PRC. See *Exhibit 20.1.1-2*, Penalty Reason Code Chart.

20.1.1.3.5.3 (10-19-2020)

Taxpayer Not Entitled to Relief

1. The information contained in paragraphs (2)-(8) does not apply to all IRM 20.1, Penalty Handbook, penalties. Refer to the appropriate IRM 20.1, Penalty Handbook, section depending on the penalty or penalties considered. See *IRM 20.1.1.1.2*, Authority.

Example:

If considering an accuracy-related penalty (IRC 6662), refer to IRM 20.1.5.5, Post Assessment Abatement Consideration of Accuracy Related Penalties. If considering an international penalty, refer to IRM 20.1.9.1.5, Common Terms and Acronyms.

2. If the criteria for penalty relief has not been established, determine if additional information would be helpful to evaluate the taxpayer's request. See *IRM 20.1.1.3.2*, Reasonable Cause .

3. If a final determination is that the criteria for granting penalty relief was not established, complete the following:

- a. Document the decision and its basis according to functional guidelines, and
- b. Attach a copy of the information to the original return (if available) or other transaction (input) document.

4. Employees denying a request for pre-assessment relief (prior to assessment) or abatement (after assessment), must provide written notification to the taxpayer of the denial and of the taxpayer's appeal rights, regardless of whether the request was received in the following manner:

- In person
- Over the phone
- In writing

5. The notice should include the following:

• A complete explanation of the IRS's decision and the basis for denial,

- a. Information on the appeal procedures, including instructions on how to submit a written protest, and
- b. Power of attorney information.

6. The IRS has developed standardized letters that are used by various offices. They include the following:

- IDRS Correspondex Letter 0854C, Penalty Waiver or Abatement Disallowed/Appeals Procedure Explained, which is generally used by campuses.

Note:

If the reasonable cause assistant (RCA) is used (see *IRM 20.1.1.3.6*, Reasonable Cause Assistant (RCA), Correspondex Letter 0852C (BMF) and Letter 0853C (IMF) are generated through RCA and IDRS.

- Pattern Letter 2413(P) and Letter 2414(P), which are used by Collection area offices, available as an ICS macro.

7. Functions that process returns through the campus will need to alert the campus of their decision to deny penalty relief.

8. If a request for penalty relief is denied after assessment, request or input TC 290 for zero amount, using Blocking Series 98/99 (Appeals uses Blocking Series 96) with **Reason Code 062** and Hold Code 3 on each module for which penalty relief was requested and denied.

20.1.1.3.6 (10-19-2020)

Reasonable Cause Assistant (RCA)

1. The Reasonable Cause Assistant (RCA) will be used where available when considering penalty relief due to reasonable cause. RCA is to be used after normal case research has been performed (i.e., applying missing deposits/payments, adjusting tax, researching for missing extensions of time to file, etc.) for the following penalties:

- a. IMF-failure to file (FTF) and failure to pay (FTP) (Form 1040-series returns processed on MFT 30 or 31), and
- b. BMF-failure to deposit (FTD) (currently limited to MFTs 01 (Form 941), 10 (Form 940), 11 (Form 943), 14 (Form 944), and 16 (Form 945).

2. RCA is a decision support interactive software program developed to assist the user in reaching a reasonable cause determination. RCA is accessed through the Account Management Services (AMS) *Tools* menu.

Note:

Users must be familiar with penalty relief guidelines and are responsible for making final approval concerning the RCA penalty relief determination and to verify all reasons given by the taxpayer are addressed. Users are also responsible for reviewing and making any necessary edits before transmitting the RCA letter information in IDRS to ensure the letter reflects a thorough response to all reasons given by the taxpayer.

3. Use of RCA will ensure consistent and equitable administration of penalty relief consideration.
4. When an employee has determined that a taxpayer has requested penalty relief based on reasonable cause, whether the request was made by telephone or in writing, RCA will be accessed to determine if penalty relief will be granted.

Caution:

See *IRM 20.1.1.3.5*, Evaluating Penalty Relief Requests, to determine if penalty relief can be considered, or if penalty relief can only be considered by another function.

5. No tool or application other than the RCA application accessed from the AMS desktop application has been authorized for use by the Office of Servicewide Penalties (OSP) to assist in determining if reasonable cause or FTA criteria have been met.

20.1.1.3.6.1 (10-19-2020)

RCA and First Time Abate (FTA) Consideration

1. Refer to *IRM 20.1.1.3.3.2.1*, First Time Abate (FTA), for all eligibility criteria for penalty relief under the FTA administrative waiver.
2. RCA has been programmed to determine if FTA criteria are met under most conditions. However, RCA is unable to review any modules in the three-year look-back period that were moved to the retention register. If RCA determines FTA criteria may be met based on those modules not moved to the retention register AND one or more modules in the three-year look-back period were moved to the retention register, RCA will display a warning message.
 - a. As stated on the warning message, modules in the three-year look-back period that have been moved to the retention register must be reviewed manually to determine if FTA criteria are met.

- b. When the **Ok** button is selected in the warning message, RCA next displays the "First Time Abate" dialog message. **Cancel** must be selected if manual review of the module(s) moved to the retention register shows FTA criteria have not been met.
- c. In cases where at least one module in the three-year look-back period has been moved to the retention register, RCA has not performed a thorough analysis to determine if FTA criteria are met. If manual review verifies FTA criteria have been met, use Penalty Reason Code (PRC) 020 with the adjustment transaction(s).

3. As stated in *IRM 20.1.1.3.6*, Reasonable Cause Assistant (RCA), RCA is currently only programmed to review BMF modules on MFTs 01, 10, 11, 14, and 16 and only if an FTD penalty greater than \$0.00 is present:

- . If an FTD penalty of greater than \$0.00 is present AND FTF and/or FTP penalties are also present, the FTA recommendation by RCA applies to all penalties.

Exception:

If at least one module in the three-year look-back period has been moved to the retention register and manual review shows FTA criteria have not been met, no penalties will be removed under the FTA waiver.

- a. If an FTD penalty of greater than \$0.00 is NOT present but an FTF and/or FTP penalty is, RCA does not perform the FTA analysis for any user type. However, RCA will allow revenue officer (RO) users to process a penalty abatement transaction, if applicable, through RCA. Although the RCA Adjustment Data screen contains a message indicating RCA does check for FTA criteria under this condition, it does not. The account must be reviewed manually to determine if FTA criteria are met (see *IRM 20.1.1.3.3.2.1*, First Time Abate (FTA)). If FTA criteria are met, select PRC 018 from the drop-down list. **Do not use PRC 020.**

4. If the MFT reviewed is 30 or 31, RCA will perform an analysis to determine if the tax on the module is fully paid:

- If the tax is fully paid, RCA will use Reason Code (RC) 065 (and PRC 020) with the adjustment and will default either the total amount of the FTP penalty assessed on the module with the TC 271 or it will default TC 270 for \$0.00 if the module contains only accrued FTP.
- If the tax is not fully paid, RCA will use RC 062 (and PRC 020) with the adjustment and will default the total FTP penalty computed to the current date for the TC 271.

- If the TC 271 amount defaulted by RCA is incorrect, the amount must be edited before transmitting the adjustment.

Note:

If RCA does not display the FTA message but it's subsequently determined FTA criteria have been met, use PRC 018 if the tax on the module is paid in full. Use PRC 020 if the tax is not paid in full. For MFTs 30 & 31, RCA will default RC 062 with PRC 020 if the tax is not fully paid but it is not currently programmed to use RC 062 with PRC 018.

5. If the MFT reviewed is 01, 10, 11, 14, or 16, RCA currently will NOT perform an analysis to determine if the tax on the module is fully paid, nor is RCA programmed to use RC 062 with PRC 018 or 020. If the tax on the module is NOT paid in full and PRC 018 or 020 will be used:

- Users that are NOT profiled as an RO user (CRs, TEs, etc.) - If a TC 271 is added to the RCA Adjustment Data screen, it will be necessary to add 062 to the first RC field on the CC ADJ54 screen in IDRS before transmitting the adjustment.

- a. Users profiled as an RO user - At this time, there are no options to add RC 062 to the adjustment either before selecting OK on the RCA Adjustment Data screen nor by Centralized Case Processing (CCP) prior to the adjustment being transmitted. This section will be updated if programming changes can be input to allow for use of RC 062 with PRC 018 or 020 on BMF modules.

6. Per *IRM 20.1.1.3.3.2.1*, First Time Abate (FTA), individual taxpayers must be compliant as primary or secondary filers with all required returns in the three-year look-back period. RCA programming was updated in Jan. 2017 to review the history of two or more SSNs under most conditions. However, if RCA displays the "First Time Abate" message when accessed on a module on MFT 30 or 31, it will be necessary to manually review the three-year history to verify all FTA criteria have been met (see *IRM 20.1.1.3.3.2.1*, First Time Abate (FTA)). If not, select **Cancel** and proceed with RCA for a reasonable cause determination.

7. Per *IRM 20.1.1.3.3.2.1*, First Time Abate (FTA), penalty abatement under the FTA waiver will only be made if the taxpayer has:

- Filed, or files a valid extension for all required returns currently due, AND

- a. The taxpayer has paid, or arranged to pay, any tax currently due.

Note:

RCA is currently unable to determine if these requirements have been met and the account must be reviewed manually for this determination.

8. Per *IRM 20.1.1.3.3.2.1*, First Time Abate (FTA), penalty relief under the FTA waiver doesn't apply to any portion of a FTD penalty assessed for EFTPS avoidance. At this time, RCA is unable to determine if only a portion of an FTD penalty was charged for EFTPS avoidance and will not display the "First Time Abate" message if the Penalty Computation Code (PCC) used with the TC 18X is one that indicates an avoidance credit is posted (see *IRM 20.1.4.14.3*, Penalty Computation Codes (PCC)).

- In this situation, RCA will display "EFTPS Avoidance" in the Alerts on the Module Home Screen. The account can be reviewed manually to determine if FTA criteria are otherwise met.

Note:

The Penalty History section of the RCA Module Home screen can be used as a quick reference to determine if FTA criteria have not been met as this will reflect any unreversed penalties in the three-year look-back period for modules that have not been moved to the retention register. Even if all modules in the three-year look-back period are reviewed and all reflect 'No Penalties', the account must be reviewed manually to determine if all FTA criteria have been met.

9. RCA will also display a FTA window on a BMF account when the taxpayer has a change in deposit frequency. Employees need to be aware this is different than a FTA for a good compliance history and use the appropriate PRC when removing the penalty for a first-time change in deposit frequency.

20.1.1.3.6.2 (11-21-2017)

Penalty Reason Codes

1. Per *IRM 20.1.1.3*, Criteria for Relief From Penalties, a penalty reason code (PRC) is required when suppressing, reducing, or removing a penalty. Also see *IRM 20.1.1.5.1*, Master File Penalty Reason Codes.
2. When RCA reaches an Abate or Mixed conclusion (also see *IRM 20.1.1.3.6.10*, RCA Conclusions/Determinations), RCA will default the applicable PRC for the abatement adjustment on the RCA Adjustment Data screen. The PRC

field on the Adjustment Data screen also provides a drop-list of all PRCs reflected in *Exhibit 20.1.1-2*, Penalty Reason Code Chart. The appropriate PRC should be selected if the PRC defaulted by RCA is incorrect based on the facts and circumstances.

3. Although not reflected on the Adjustment Data screen, RCA will pass reason code (RC) 062 to the first RC field in CC ADJ54 if the selected PRC is 022, 024, 025, 026, 030, or 046. RCA will also pass RC 062 with PRC 020 in certain situations (see *IRM 20.1.1.3.6.1*).

4. When the conditions for use of RC 062 have not been met, RCA will pass RC 065 when accessed on MFT 30 or 31 (IMF) or no RC will be passed when accessed on MFT 01, 10, 11, 14, or 16 (BMF).

Note:

When the adjustment transaction includes TC 271, the applicable RC and PRC must be selected in accordance with the requirements contained in *IRM 20.1.2.2.4.1*, Penalty Abatements and Re-assessments.

5. When RCA's determination (see *IRM 20.1.1.3.6.10*, RCA Conclusions/Determinations, and *IRM 20.1.1.3.6.10.1*, Overriding (Aborting) RCA's Conclusion) is overridden, the following options are available based on the RCA user type:

- User not profiled as a revenue officer (RO) user (i.e., contact representatives, tax examiners, etc.) - RCA does not provide an option to input the required adjustment action through RCA. The adjustment action must be input outside of RCA and the applicable RC and PRC used in accordance with *IRM 20.1.1.3.6.2*, Penalty Reason Codes, and *Exhibit 20.1.1-2*, Penalty Reason Code Chart.
- RO users - RCA will default the abatement transaction code (TC) and abatement amount for any assessed FTF, FTP, and/or FTD penalty on the module but will not select a default PRC. The applicable PRC must be selected from the drop-down list provided on the Adjustment Data screen in accordance with *IRM 20.1.1.3.6.2*, Penalty Reason Codes, and *Exhibit 20.1.1-2*. RCA will use RC 062 or RC 065 (IMF only) in accordance with *Exhibit 20.1.1-2*, Penalty Reason Code Chart.

Note:

RCA will not pass RC 062 with PRC 018 on IMF nor BMF modules, and it will not pass RC 062 with PRC 020 on BMF modules.

20.1.1.3.6.3 (11-25-2011)

Increase in Oral Statement Ceiling

1. Beginning January 1, 2002, the oral statement ceiling for failure to file, failure to pay, and failure to deposit penalties was increased. See *IRM 20.1.1.3.1*, Unsigned or Oral Requests for Penalty Relief.
2. RCA will be used where available. Where RCA is not available, employees should receive managerial approval to allow for the oral abatement of penalties when reasonable cause criteria are met. The ceiling also applies to BMF FTF and FTP penalties (even though RCA is not programmed to consider these penalties at this time).

20.1.1.3.6.4 (02-22-2008)

Oral Statement Ceiling Exceeded

1. A signed, written statement is not required to **deny** a penalty relief request, regardless of the penalty amount(s). Therefore, users will not be required to obtain a signed, written statement before accessing RCA in "*oral*" mode. If the RCA determination is to abate the penalty or penalties and the oral ceiling threshold is exceeded, RCA will display a message stating a signed, written statement is required to allow the abatement, in addition to any other documentation required. See *IRM 20.1.1.3.6.5*, Documentation.
 - a. If RCA determines the penalty should be sustained, follow established RCA "*sustain*" procedures.
 - b. If RCA determines the penalty should be abated, request a signed, written statement.

20.1.1.3.6.5 (02-22-2008)

Documentation

1. Specific circumstances within RCA require the taxpayer to provide documentation to support his or her claim before a penalty relief determination can be reached. Other circumstances will allow the employee to accept "credible information," either orally or in writing.
 - a. "Credible information" must explain facts and circumstances showing the taxpayer exercised ordinary business care and prudence, and cite specific dates for the non-

compliance. All information, including dates, must substantiate why the taxpayer was unable to comply.

b. RCA has been programmed to include reasonable and specific time frames to allow for filing and/or paying taxes after the event that prevented compliance ended. See *IRM 20.1.1.3.2.2*, Ordinary Business Care and Prudence.

20.1.1.3.6.6 (08-05-2014)

Attaching RCA Determination

1. When RCA reaches a conclusion to either abate (remove) or sustain the penalty, the program automatically displays a print dialog to allow printing the determination that includes all information input by the RCA user. This print must be attached as a source document or attached to the CIS case if applicable. See *IRM 21.5.2*, Adjustment Guidelines, for additional information.
2. See *IRM 20.1.1.3.1*, Unsigned or Oral Requests for Penalty Relief, for additional information concerning unsigned and oral requests.

20.1.1.3.6.7 (11-21-2017)

Reasonable Cause Penalty Relief Request Prior to Penalty Assessment

1. RCA is unable to consider penalty relief on modules with no TC 150 posted. However, RCA can consider FTF and/or FTP penalty relief on IMF accounts if a TC 150 has posted, but no penalties have been assessed, or if the penalties have been fully reversed. It can also consider FTD penalty relief on BMF accounts with a posted TC 150 but no posted, or fully reversed, TC 18X.

Note:

RCA does not provide an option to address any unassessed penalties for users that are profiled as revenue officer (RO) users.

2. While the reasons for accessing RCA under these conditions vary, this functionality is most beneficial for BMF CP 207 or CP 207L replies where the taxpayer knows he or she made one or more deposits late and requests penalty relief based on reasonable cause prior to assessment of the FTD penalty.
3. For CP 207 and CP 207L replies (see *IRM 20.1.4.18*, CP 207/207L Notices), use CC FTDPN to compute the appropriate penalty prior to accessing RCA.

a. If a penalty applies, access RCA for a penalty relief determination.

Note:

RCA does not review the account to determine if FTA criteria have been met if an FTD penalty for a positive amount is not present on the module. Prior to accessing RCA, review the account to determine if FTA criteria have been met (see *IRM 20.1.1.3.3.2.1*, First Time Abate (FTA)). If so, accessing RCA is not required. If the 13th week from issuance of the CP 207 notice has not expired per *IRM 20.1.4.18.1*, Replies to CP 207/207L Notices, input a TC 180 for zero, BLK 14, and PRC 018. This action should prevent automatic assessment of an FTD penalty.

- b. If FTA criteria have not been met and RCA determines reasonable cause criteria have been met, input a TC 180 for zero, BLK 14, **RC 062**, and the appropriate PRC in the 4th RC position. (This action is required to avoid sending the taxpayer unnecessary notices).
 - c. If RCA determines reasonable cause criteria have not been met, follow normal CP 207 assessment procedures (see *IRM 20.1.4.18*, CP 207/207L Notices) and normal penalty relief request denial procedures (see *IRM 20.1.1.3.5.3*, Taxpayer Not Entitled to Relief).
4. On IMF accounts, certain account conditions can result in the taxpayer receiving a balance due notice that includes an accrued FTP penalty charge but no TC 27X is present on the account. RCA programming was updated in Jan. 2017 to determine if accrued FTP penalty for a positive amount is present on the module and now functions in the same manner as it has on modules that contain assessed FTP penalty for a positive amount.
 - . When RCA determines abatement of the FTP penalty is appropriate, RCA will default a TC 271 amount (or a TC 270 for zero if applicable) on the RCA Adjustment Data screen based on the requirements contained in *IRM 20.1.1.3.3.2.1*, First Time Abate (FTA), and *IRM 20.1.2.2.4.1*, Penalty Abatements and Re-assessments. However, users are responsible for determining the appropriate TC 271 amount or, if applicable, if a TC 270 for zero is appropriate and change the amount defaulted by RCA before transmitting the adjustment.
 - a. For RO users, RCA will generally default the amount of assessed FTP, or a TC 270 for zero, on all BMF modules and on IMF modules on which RCA's Sustain determination is overridden. If the module contains accrued FTP and RC 062 will be input with the adjustment, the amount defaulted by RCA will generally need to be edited before

selecting OK on the RCA Adjustment Data screen. See *Exhibit 20.1.1-2*, Penalty Reason Code Chart, to determine if RC 062 will be used depending on the PRC selected.

20.1.1.3.6.8 (11-21-2017)

RCA Letter Generation

1. If RCA determines reasonable cause has not been established, Correspondex Letter 0852C (BMF) or Letter 0853C (IMF) can be issued by users that are not profiled as an RO user through RCA providing the reason(s) for denial and explaining the appeal procedures.
 - a. "*Special Insert*" and "*Return Address*" codes are required on the Letter 0852C and Letter 0853C to generate the appropriate appeals coordinator's name and return address. Enter the codes established by your local Campus User Support function (normally used on Letter 0854C). These codes are also available on the SERP Penalty Appeal Coordinators List page.
 - b. If the codes entered do not generate the correct information, report the problem to your local User Support function.
2. After completing the RCA Letter Data screen and having RCA send CC LETER to IDRS and transmit, RCA will send the required paragraphs and fill-ins to CC LPAGE when the ***Review/Manual Transmit*** button is selected. **RCA does not automatically generate the letter.** Users must manually transmit the letter in IDRS and verify the letter has been transmitted as reflected by REQUEST COMPLETED.

Note:

The *Upper Case Only* setting in IDRS must be turned off prior to selecting ***Review/Manual Transmit***.

20.1.1.3.6.9 (11-21-2017)

RCA for BMF

1. RCA cannot consider BMF FTP and FTF penalty relief at this time. However, because most BMF accounts that have been penalized for FTF and FTP penalties also include a FTD penalty, RCA should be used to consider penalty relief for the FTD penalty.

a. If the same reasons are used for requesting FTF and FTP penalty relief (as they usually are), the RCA conclusion can generally apply to all three penalties.

Note:

The FTD penalty is based on failing to make timely deposits in the proper format that were due during the tax return period (most due no later than the 15th of the month following the end of the tax period), while the FTF and FTP penalties are based on failing to file a tax return and/or pay all tax due by the last day of the month that follows the end of the tax period. Consequently, the date(s) of the event(s) that prevented compliance with the different requirements may not support removal of all penalties. Review the facts and circumstance thoroughly before applying RCA's FTD penalty determination to the FTF and/or FTP penalties.

b. If the RCA conclusion is to sustain the penalty and Correspondex Letter 0852C is issued, RCA provides an option to automatically insert a paragraph stating the FTD denial reason also applies to FTF and/or FTP (or an open paragraph can be inserted to notify the taxpayer the denial applies to the FTF and/or FTP penalties in addition to the FTD penalty).

Note:

If the facts and circumstances justify abatement for the FTF penalty and/or FTP penalty but not the FTD penalty, do not select the option to include the penalty or penalties being abated on the RCA Letter Data screen.

c. If more than one penalty is involved, only one IDRS adjustment should be made. Use the PRC that would be applicable for the FTD penalty abatement.

20.1.1.3.6.10 (11-21-2017)

RCA Conclusions/Determinations

1. RCA programming applies the reasonable cause standards outlined throughout *IRM 20.1.1.3.2*, Reasonable Cause, against the reasonable cause category or categories chosen by the RCA user and the answers selected and/or dates entered (if applicable) to the questions posed by RCA. Therefore, to

ensure the correct determination is reached, users must make every effort to choose the applicable category or categories and answers (correct date(s) entered, etc.) based on the information provided by the taxpayer. RCA will reach 1 of 5 possible conclusions for the MFT and tax period (module) reviewed (listed in order of priority):

RCA Conclusion	Explanation	Action	Additional Information
1. Abate	Reasonable cause established.	Remove the penalty or penalties.	<p>Caution:</p> <p>When the FTP penalty is being abated for reasonable cause, refer to IRM 20.1.2.2.4.1, Penalty Abatements and Re-assessments, for additional information and, if necessary, edit the TC 271 amount defaulted by RCA.</p>
2. Other	Not a reasonable cause issue.	RCA will display additional information/instructions.	n/a
3. Suspend	Sufficient information was not provided for RCA to reach a conclusion.	RCA displays all information required to support a showing of reasonable cause.	<p>Note:</p> <p>Not applicable to revenue officers except on BMF modules and a valid record of federal tax liability (ROFTL) is not</p>

RCA	Conclusion	Explanation	Action	Additional Information
				readily available, when applicable. n/a
	4. Sustain	Reasonable cause not established.	Deny the request.	
	5. Mixed	In general, reasonable cause partially established.	<ul style="list-style-type: none"> • IMF—Abate one penalty/sustain the other penalty • BMF—Abate a portion of the FTD penalty applicable to one or more late deposit(s)/sustain a portion of the FTD penalty applicable to one or more late deposit(s). Also see IRM 20.1.4.3, Restrictions on Assessments 	<p>Caution:</p> <p>In some instances on BMF accounts (FTD penalty), RCA reviews each late-deposited liability. When this is the case, the RCA "module conclusion" only applies to the late-deposited liability(ies) selected for review. Consequently, it may be necessary to access RCA more than once if all late-deposited liabilities were not late for the same reason(s).</p>

2. An "abate" or "sustain" conclusion, dependent on the reasonable cause category(ies) chosen and the answers selected, is reached after RCA has done the following:

- a. Made an unbiased analysis of the facts of the case,

- b. Properly applied the law and IRS policy to the facts of the case, and
 - c. Performed the actions in (a) and (b) fairly and consistently compared to similar cases.
3. Therefore, fair and consistent application of penalties requires employees to make a final penalty relief determination consistent with the RCA conclusion. However, understanding that the individual facts and circumstances vary for each case and that there may be unique facts and circumstances in certain cases that RCA cannot consider, an "override (abort)" function is available in RCA. See *IRM 20.1.1.3.6.10.1*, Overriding (Aborting) RCA's Conclusion.

20.1.1.3.6.10.1 (11-25-2011)

Overriding (Aborting) RCA's Conclusion

1. Overriding the "module conclusion" reached by RCA may be appropriate in limited situations. Prior to overriding the RCA conclusion, employees must do the following:
 - a. Verify that all pertinent reasonable cause categories applicable to the facts and circumstances addressed in the request were selected for review. If not, select **Add Category** and select one or more additional categories for RCA review.
 - b. Verify the most appropriate answers to all questions posed by RCA were selected (correct dates entered, etc.). If not, select **Previous** to return to previous questions and select a more appropriate answer.
2. If there are unique individual facts and circumstances RCA is unable to consider, those individual facts and circumstances must be carefully analyzed and must clearly show, in accordance with the reasonable cause guidelines outlined throughout *IRM 20.1.1.3.2*, Reasonable Cause, that despite the exercise of ordinary business care and prudence the taxpayer was nevertheless unable to comply within the prescribed time.

Caution:

Per *IRM 20.1.1.3.6.10*, RCA Conclusions/Determinations, RCA has properly applied the law and IRS policy to the facts it has considered. A determination to override RCA's conclusion cannot conflict with law or IRS policy. For example,

delegating a non-delegable duty may appear to show the exercise of ordinary business care and prudence, but such an act is not legally supported.

3. A determination to override RCA's conclusion must be justified. The reason(s) the RCA conclusion is being overridden is required and must clearly state why the RCA conclusion is incorrect and why, or why not, the facts and circumstances of the case support the action being taken. In addition, the specific *IRM 20.1.1.3.2*, Reasonable Cause, section(s) used to support an override determination is required.
4. Managerial approval to override RCA's determination is not required but is recommended.

20.1.1.4 (10-19-2020)

Methods of Appealing Penalties

1. Various administrative and legislative remedies are provided for taxpayers who disagree with the IRS' determination that they are liable for a particular penalty. Generally, when a taxpayer disagrees with the determination regarding a penalty, he or she has the right to an administrative appeal.
2. Taxpayers have the right to challenge the assertion or assessment of a penalty, and generally may do so at any stage in the penalty process. Taxpayers may request the following:
 - a. A review of the penalty prior to assessment (e.g., deficiency procedures),
 - b. A penalty abatement after it is assessed, and either before or after it is paid (post-assessment review), or
 - c. An abatement and refund after payment (claim for refund).
3. Taxpayers may indicate their disagreement with the determination either verbally or in writing, or if the penalty has already been paid, by filing a claim for refund or credit.
4. If agreement cannot be reached at the area field office or the campus, the taxpayer may request a conference with the employee's immediate manager, or (in most cases) the taxpayer may request that the case be forwarded to the IRS Independent Office of Appeals (Appeals). Taxpayers should provide a written request for consideration by Appeals. Also see *IRM 20.1.1.3.5.1*, Subsequent Requests for Penalty Relief.

5. The taxpayer may also file suit in court. Depending on the procedural circumstances of the taxpayer's case, the taxpayer may petition the United States Tax Court or file a complaint with either the United States District Court or a United States Court of Federal Claims (as appropriate). See IRM 8.20, Account and Processing Support (APS).
6. Also see IRM 8.11, Penalties Worked in Appeals.

20.1.1.4.1 (02-22-2008)

The Appeals Function

1. The IRS Independent Office of Appeals (Appeals) is an independent administrative body within the IRS that is the only formal internal level of appeal.
2. The review of a penalty determination by Appeals is not automatic. Appeals will only review a penalty if the request for relief has been previously denied by an IRS employee and the taxpayer requests an appeal.
3. In addition, Appeals may make a determination that the taxpayer did not commit the prohibited action or failure to act for which the penalty is asserted (charged). Issues of basic liability for a penalty may be considered in the appeals process, and should be considered before determining if reasonable cause or other relief criteria exist.
4. Appeals has the authority to settle penalties for less than the full amount based on hazards of litigation.

20.1.1.4.1.1 (10-19-2020)

Pre-assessment Appeals

1. Generally, Appeals will consider the appropriateness of the following type of penalties prior to assessment:
 - a. Penalties that are asserted by the IRS in the course of an examination of a taxpayer's income tax return,
 - b. Penalties that are granted a specific pre-assessment appeal right such as the trust fund recovery penalty under IRC 6672 (see IRM 8.25.1, Trust Fund Recovery Penalty (TFRP), Overview and Authority) or the preparer penalties under IRC 6694 (see IRM 8.11.3, Return Preparer Penalty Cases), and/or

c. The intentional disregard penalty of IRC 6721(e) when it is asserted for failures to comply with the cash reporting requirements of IRC 6050I (Form 8300, Report of Cash Payments Over \$10,000 Received in a Trade or Business).

2. Generally, if Appeals considers a penalty before it is assessed, Appeals will not reconsider the same penalty after it is assessed.

. However, at its discretion, Appeals may reconsider its prior decision if evidence becomes available that indicates further consideration is warranted.

a. Taxpayers may also pay the penalty previously upheld by Appeals and file a claim for refund. The claim for refund may be transferred to Appeals, if denied at the campus level.

3. Also see IRM 8.11.1, Return Related Penalties in Appeals.

20.1.1.4.1.2 (11-21-2017)

Post-assessment Appeals

1. To request abatement of a penalty after assessment, the taxpayer must submit a written request to the IRS.

2. The employee must consider all the facts and circumstances to determine if the taxpayer's explanation meets the penalty relief criteria. See *IRM 20.1.1.3*, Criteria for Relief From Penalties and *IRM 20.1.1.3.5.1*, Subsequent Requests for Penalty Relief.

a. If a taxpayer orally requests the abatement of a penalty, instruct the taxpayer to submit the request in writing. *IRM 20.1.1.3.1*, Unsigned or Oral Requests for Penalty Relief.

b. If a taxpayer orally requests an appeal of a decision, instruct the taxpayer to submit the request in writing.

20.1.1.4.2 (10-19-2020)

Deficiency Procedures

1. IRC 6211 generally defines a deficiency as the excess of the correct amount of income tax, estate tax, or gift tax owed, minus the tax amount shown on the return and amounts previously assessed (or collected without assessment) as a deficiency, plus the amounts of rebates made. In general, deficiency procedures are used when additional income, estate, gift taxes,

and/or related penalties are proposed. The IRS generally can or cannot do the following:

- a. **Cannot** assess an additional amount of income tax, estate tax, or gift tax, and related penalties, without providing a notice of deficiency;
- b. **Can** assess additional amounts of employment tax and certain excise tax, and related penalties, without providing a notice of deficiency;
- c. **Can** assess penalties not related to a tax (e.g., IRC 6694, IRC 6695, IRC 6695A, IRC 6700, IRC 6701, IRC 6702, and IRC 6713) without providing a notice of deficiency;
- d. **Can** assess estimated tax penalties (IRC 6654 and IRC 6655) applicable to the portion of the tax liability that is not a tax deficiency, without providing a notice of deficiency; and
- e. **Can** assess the failure to file and failure to pay additions to tax (IRC 6651) applicable to the portion of the tax liability that is not a tax deficiency, without providing a notice of deficiency.

Example:

Taxpayer files the return one month late and reports and pays a tax of \$4,000. During an audit, the IRS determines a tax deficiency of \$1,000. The failure to file addition to tax (FTF) is 5 percent per month (for up to 5 months) of the amount of tax. The **total** FTF addition to tax is \$250 (5 percent of \$5,000 for one month). If the taxpayer contests the deficiency, a notice of deficiency must be issued for \$1,050 (\$1,000 tax deficiency and \$50 FTF addition to tax (5 percent of \$1,000)). The remaining \$200 failure to file addition to tax which was attributable to the original tax assessment is not part of the deficiency and is collectible by immediate assessment.

2. A penalty is subject to deficiency procedures if the related tax underpayment being assessed is subject to deficiency procedures. For example, if the negligence penalty relates to an underpayment of income tax, the deficiency procedures would apply to the negligence penalty as well as the income tax deficiency. However, if the penalty was the result of an underpayment of employment tax, deficiency procedures would not apply to the penalty.

. The taxes and related penalties subject to deficiency procedures include income tax, estate tax, gift tax, and certain excise taxes.

a. The taxes and related penalties not subject to deficiency procedures include employment taxes imposed by Subtitle C of the IRC, and certain excise taxes.

3. The notice of deficiency provides the taxpayer an opportunity to appeal a proposed tax deficiency and/or penalties and additions to tax to the United States Tax Court prior to assessment. See IRC 6212.

20.1.1.4.2.1 (10-19-2020)

Non-Deficiency Procedures

1. Most excise taxes are not subject to deficiency procedures. No statutory notice of deficiency is issued and the taxpayer cannot petition the Tax Court.

2. Some employment tax determinations are reviewable by the Tax Court in proceedings to determine employment status under IRC 7436. See IRM 4.23.22.11, Special Procedures for Letter 3523 under IRC 7436, for how to determine which issues can be assessed without providing the taxpayer the opportunity to seek Tax Court review. The penalties related to the taxes that are reviewable by the Tax Court also cannot be assessed until a Letter 3523, Notice of Employment Tax Determination under IRC 7436, has been issued. The penalties related to the taxes which are not subject to Tax Court review can be assessed without the issuance of Letter 3523.

3. Generally, procedures for assessing penalties that are not subject to pre-assessment Tax Court review are as follows:

If	And	Then
Penalties are proposed	The taxpayer agrees,	The penalties are assessed.
Penalties are proposed	The taxpayer disagrees,	A 30-day letter is issued and the taxpayer may file a protest with Appeals.
Appeals sustains the penalty proposal,	n/a	The penalties are assessed.

4. Note:

5.

6. See *IRM 20.1.1.2.3*, Approval Prerequisite to Penalty Assessments.
7. If penalties are assessed and the taxpayer cannot or does not file a protest with Appeals, the taxpayer must pay the penalty, then file a claim for credit or refund.
8. If a 30-day letter was not issued, or if a claim for refund was denied, give the taxpayer the opportunity for an appeal.

20.1.1.5 (02-22-2008)

Master File Indicators

1. Master File indicators are listed in the following subsections:
 - a. Master File Penalty Reason Codes
 - b. Penalty Transaction Codes
 - c. Penalty Reference Numbers

20.1.1.5.1 (11-25-2011)

Master File Penalty Reason Codes

1. Penalty reason codes (PRCs) were adopted to enable the IRS to track penalties. Accurate reporting of these reason codes is vital. PRCs provide the basis for determining a taxpayer's compliance history and the foundation for analyzing trends in penalty abatements. PRCs are used with both BMF and IMF Document Code 54 and 47 transactions.
2. PRCs are divided into the following two categories:
 - Systemically generated
 - Manually input
3. *Exhibit 20.1.1-2*, Penalty Reason Code Chart, shows all current PRCs and identifies which PRCs are available for manual input and which are systemically generated.
4. If an abatement, partial abatement, or suppression of a penalty is appropriate, either input the abatement transaction or complete the appropriate form to request that the support area abate the penalty using the specified PRC.
 - a. **Taxpayer Service: IDRS (ADJ54): The PRC **MUST** be input **only** in the fourth reason code position.**

- b. **Compliance:** The PRC must be used to identify the reason for the abatement or non-assertion of a penalty when completing any of the following forms: Form 5344, Examination Closing Record (ADJ47); Form 5599, TE/GE Examined Closing Record (ADJ47); and Form 8278, Assessment and Abatement of Miscellaneous Civil Penalties (ADJ54).
 - c. **Appeals:** The PRC must be used to identify the reason for the abatement or non-assertion of a penalty when completing any of the following forms: Form 5403, Appeals Closing Record (ADJ47), Form 5402, Appeals Transmittal and Case Memo (ADJ54), and Form 8278, Assessment and Abatement of Miscellaneous Civil Penalties (ADJ54).
5. The main categories of PRCs available for manual input are the following:
- . **Reasonable Cause**-used when the taxpayer has established that he or she was unable to comply due to circumstances beyond his or her control despite the exercise of ordinary business care and prudence. Reason Code (RC) 062 is required in addition to the appropriate PRC. See *IRM 20.1.1.3.2*, Reasonable Cause.
 - a. **General Penalty Relief**-including disaster relief, penalty removal or reduction due to an amended return, or other specific penalty provisions provided throughout IRM 20.1, Penalty Handbook, (including certain statutory exceptions and administrative waivers). See *IRM 20.1.1.3*, Criteria for Relief From Penalties.
 - b. **Statutory Exception or Administrative Waivers**-to be used when written procedures have been established. Generally, **PRC 044** identifies penalty relief based on a statutory or regulatory exception, and **PRC 043** identifies administrative waivers. Some exceptions and waivers are assigned a specific PRC. Use PRCs 043 and 044 when a specific PRC is not assigned.
 - c. **Correction of Service Error**-to be used when it is determined that the IRS made an error that resulted in an incorrect penalty or computed the penalty incorrectly or inappropriately. Generally, **PRC 045** is to be used to identify penalty relief based on the correction of an IRS error.
 - d. **Appeals**-the following four **PRCs** are to be used only by Appeals: **PRC 039**-third party full or partial abatement of penalties (Appeals settlement usually involving a bulk or batch filer or payroll

tax service bureau with one penalty issue, but multiple taxpayers); **PRC 040**- hazards of litigation, or other Appeals settlement, when the entire penalty is abated; **PRC 041**- penalties are sustained by Appeals; **PRC 042**- partial abatement (Appeals settlement where only part of the penalty is abated).

6. If more than one penalty is abated for more than one reason, each abatement action must reference its own **PRC**. This will require a separate adjustment for each **PRC**. For example:

- 16X Reasonable Cause- **PRC 025**
- 27X Partially Abated- **PRC 042**
- 18X Hazards- **PRC 040**

7. If all penalties are abated for the same reason, only one **PRC** must be referenced. For example:

- 16X Reasonable Cause-**PRC 025**
- 27X Reasonable Cause
- 18X Reasonable Cause

20.1.1.5.2 (11-25-2011)

Penalty Transaction Codes

1. Penalty transaction codes (TCs) indicate penalty assessment or abatement actions. Generally, return-related penalties are based on an underpayment of tax. See *Exhibit 20.1.1-3*, Penalty Transaction Codes, for a description of the penalty TCs and their related IRC section(s). Related penalty TCs in a series are shown with the first two digits, followed by an "X" as the third digit.

Example:

In the failure to file (FTF) penalty series, the TC will be shown as 16X.

2. Generally, when the penalty is assessed on the tax module, each penalty is assigned a TC that identifies the type of penalty. However, some penalties assessed on a tax module will use a TC 240 with a penalty reference number (PRN) that identifies the type of penalty. See *IRM 20.1.1.5.3*, Penalty Reference Numbers (PRNs). These reference numbers are generally between 500 and 799. See *Exhibit 20.1.1-4*, Penalty Reference Numbers (500 Series); *Exhibit*

20.1.1-5, Penalty Reference Numbers (600 Series); and *Exhibit 20.1.1-6*, Penalty Reference Numbers (700 Series).

3. There are usually four potential transaction codes for each penalty, one each for manual and computer assessments with the related abatement codes. For example, FTF penalty TCs are the following:

- a. TC 160: **Manually Assessed**
- b. TC 161: **Manually Abated**
- c. TC 166: **Systemically Generated Assessment**
- d. TC 167: **Systemically Generated Abatement**

20.1.1.5.3 (10-19-2020)

Penalty Reference Numbers (PRNs)

1. Generally, penalty reference numbers are used to identify penalties that are **not** based on information from a tax return. These penalties are based on a failure to perform an act required by the IRC. The penalty is usually assessed on MFT 13 (BMF) or 55 (IMF), and is identified by TC 240 and the appropriate PRN. However, assessment of a penalty with an assigned PRN(s) is not limited to MFTs 13 and 55.

Caution:

Because a PRN for a positive amount will result in a systemic TC 240 assessment, and a PRN for a negative amount will result in a systemic TC 241 abatement, manual input of a TC 240 or 241 is appropriate only in rare circumstances.

2. At times, several PRNs will be assigned to identify one IRC section, though the failure may be the same or similar. This is done to identify the area or program responsible for assessing or abating the penalty. For example, both PRNs 500 and 600 are used to identify a penalty assessed as the result of IRC 6721.

- a. PRN 500 is used if the failure was identified on the Payer Master File (PMF) and is assessed by a campus function.
- b. PRN 600 is used if the failure was identified during an examination, audit, or other compliance determination based on the taxpayer's books and records and is assessed by a compliance field function.

3. Some PRNs between 600 and 799 are used to identify return-related penalties. For example:

- PRNs 786-790, 792, 680 (prior to 2015 and for court ordered assessments) and 681 are used to identify accuracy-related penalty assessments and abatements (per IRC 6662 and IRC 6662A, respectively). See IRM 20.1.5, Return Related Penalties.
- PRN 666 is used to identify a frivolous tax return penalty (per IRC 6702(a)). See IRM 20.1.10.13, IRC 6702 - Frivolous Tax Submissions.

4. See *Exhibit 20.1.1-4*, Penalty Reference Numbers (500 Series), *Exhibit 20.1.1-5*, Penalty Reference Numbers (600 Series), and *Exhibit 20.1.1-6*, Penalty Reference Numbers (700 Series), for PRNs, their related IRC section, and a brief description of the penalty computation, or the computer paragraph language inserted in the balance due notice.

5. The following are examples of PRNs assigned for various failures relating to IRC 6721, Failure to File Correct Information Returns.

Reference Number	Description	Source
500-514	Used by Campuses to assess/abate penalties based on PMF information	IRM 20.1.7, Information Return Penalties
549/550	Use to assess/abate penalties based on the Combined Annual Wage Reporting (CAWR) Program	IRM 4.19.4, CAWR Reconciliation Balancing
600 series	Use to assess/abate a penalty as the result of an examination or a determination made by a Compliance Field Function employee, i.e., PRN 600 - failure to timely file, or accurately file, or file in the correct format an information return PRN 651 - failure to file Form 8300 reporting cash transactions greater than \$10,000 PRN 652 - Intentional disregard of the	<i>Exhibit 20.1.1-5</i> , Penalty Reference numbers (600 Series)

requirement to file Form 8300, reporting cash transactions greater than \$10,000.

20.1.1.5.4 (02-22-2008)

Corporate Files On-Line (CFOL)

1. CFOL provides on-line research of Master File account and return data. The use of command codes such as IMFOL, BMFOL, RTVUE, BRTVU, and TRDBV is an alternative to MFTRA or ESTAB requests.
2. However, since Master File does not carry all information available on the IDRS screen displays (IDRS notice status, case control information, pending transaction, etc.), it is imperative that IDRS research be initiated before accessing Master File information via CFOL command codes.

Note:

IDRS input command codes that will cause a change to Master File data cannot be preceded by BRTVU or RTVUE.

3. CFOL command codes should be used to research entity and/or tax data that may not be available on IDRS.
 - a. It is recommended that CFOL command codes be used in lieu of MFTRA or ESTAB when the case can be resolved from information provided by the CFOL command codes.
 - b. This will eliminate the need to order MFTRA transcripts in most cases.
4. IMFOL accesses the Individual Master File (IMF) and allows several screen displays based on an input definer code. These include the following definers:
 - . I-Shows whether a specific tax period is available on-line or not. The index screen also includes a balance due field showing if the account is in debit, credit, or zero balance.
 - a. E-Shows entity type information (similar to INOLE).

- b. T-Shows specific data from the tax account (similar to TXMOD and MFTRA).
 - c. A-IMF Adjustment Transaction information which includes details about input adjustment transactions.
 - d. V-Displays retention register account information.
 - e. R-Posted TC 150 return information, which displays return data that is transcribed along with systemically-generated fields.
 - f. S-Status history information, which includes extension to file data.
 - g. H-Displays help information to assist in using IMFOL (or BMFOL).
5. RTVUE accesses the Return Transaction File (RTF). It contains all edited, transcribed, and error corrected data from data entry lines of returns and related forms and schedules filed in the current processing year (including returns for prior tax years). This file contains information for the current year and two prior year returns. This command code requires a definer to access a particular screen and has an index type screen.
6. For further explanation of the screen displays and applicable definer codes, refer to IRM 4.4.32, AIMS, ERCS, and IDRS Data Processing, or IRM 2.3, IDRS Terminal Responses

IRC 6722	Failure to Furnish Correct Payee Statements	Yes	Yes
IRC 6723	Failure to Comply With other Information Reporting Requirements	Yes	Yes

*Reasonable cause does not apply to any portion of the underpayment (IRC 6662) or understatement (IRC 6662A) attributable to an IRC 6662(b)(6) transaction (transactions lacking economic substance within the meaning of IRC 7701(o), or failing to meet the requirements of any similar rule of law).

Note:

This list is not all inclusive. Refer to the appropriate IRM 20.1 section (see *IRM 20.1.1.1.2*) for relief provisions for penalties not listed in this exhibit.

Exhibit 20.1.1-2

Penalty Reason Code Chart

The PRCs contained in this exhibit are to be used when abating or suppressing a penalty. The exhibit has been divided by PRC group type. Where applicable, the 1st, 2nd, or 3rd position reason code (RC) shown with each PRC is required. PRCs are input in the 4th RC position.

The definitions of relief criteria contained in this exhibit are not to be used as justification for abatement or suppression of a penalty. Penalty relief guidelines contained throughout IRM 20.1, Penalty Handbook, must be followed first and, if relief criteria are met, then select the applicable PRC. In some cases, a specific PRC to use will be reflected in IRM 20.1, Penalty Handbook, (see IRM 20.1.2.2.4.1(9), Penalty Abatements and Re-assessments, and IRM 20.1.3.2.2(8), Manual Penalty Adjustments, for examples) or a functional IRM such as Parts 4, 5, or 21.

In addition, the definitions provide general guidelines and are not all-inclusive. If a specific PRC is not referenced in an IRM section and the definitions do not apply to a specific situation, select the most appropriate PRC.

The PRCs contained in the table below are to be used when manually abating/suppressing a penalty when reasonable cause has been established.

IMF RC	BMF RC	PRC	Definition/ Relief Criteria
062	062	022	Normal business care and prudence followed, but taxpayer was still unable to comply due to circumstances beyond his or her control. Generally used when the taxpayer establishes a single circumstance prevented compliance. See <i>IRM 20.1.1.3.2.2</i> .
062	N/A	024	IMF -Death, serious illness, or unavoidable absence of the taxpayer or a member of his or her immediate family. See <i>IRM 20.1.1.3.2.2.1</i> .

IMF RC	BMF RC	PRC	Definition/ Relief Criteria
062	062	025	Records inaccessible / Unable to obtain records / Records destroyed by fire or other casualty. See <i>IRM 20.1.1.3.2.2.3</i> .
N/A	062	026	BMF -Death, serious illness, or unavoidable absence of the person responsible for filing and/or paying taxes (i.e., owner, corporate officer, partner, etc.) or a member of his or her immediate family. See <i>IRM 20.1.1.3.2.2.1</i> .
062	062	030	Other-Combination of mistakes. Normal business care and prudence followed, but documentation shows non-compliance was due to circumstances beyond the taxpayer's control. See <i>IRM 20.1.1.3.2.1</i> .
062	062	046	This was originally established to identify Y2K Relief but is now used for specific situations that will be identified in an IRM section. See <i>IRM 20.1.2.3.2.2</i> and <i>IRM 20.1.4.15.3(4)</i> for examples.
N/A	062	071	Limited to Form 990–PF, <i>Return of Private Foundation or Section 4947(a)(1) Nonexempt Charitable Trust Treated as a Private Foundation</i> , (MFT 44)-Allows a private foundation reasonable cause for FTF and FTP 90 days after it received a determination letter from the IRS stating the organization is a private foundation or it cannot be expected to be a public charity.
N/A	062	072	Membership organization (MFT 67) has no full-time employees responsible for administering finances and was unable to timely file due to little continuity or understanding of duties due to frequent officer changes. Normal business care and prudence.
N/A	062	073	Membership organization (MFT 67) has no full-time employees responsible for administering finances and has no prior history of late filing and claims ignorance of the requirement.

The PRCs in the table below are limited to use by Appeals.

IMF RC	BMF RC	PRC	Definition/Relief Criteria
065	None	039	Appeals-Partial/full abatement of penalties based on third party (bulk and batch filers or payroll tax service bureaus) settlement.
065	None	040	Appeals settlement based on hazards of litigation. Complete removal of penalty/penalties.
065	None	041	Appeals sustains penalty/penalties.
065	None	042	Appeals partial abatement.

The PRCs in this table are used when manual penalty relief/suppression is warranted/required per the IRM for criteria other than reasonable cause.

IMF RC	BMF RC	PRC	Definition/Relief Criteria
065	None	010	Amended/corrected return or schedule. TP prepared original (for example, FTD-Schedule B/CP 207 replies).
065	None	013	Amended/corrected return. Original prepared by IRS (substitute for return (SFR)/ IRC 6020(b).
065	None	014	Misdated FTD. After 1-1-2000 used only for manual abatement if the penalty is restricted from systemic abatement after TC 971 AC 301 to 308 is input to adjust a TC 186. Also use for misdated payments affecting FTF, FTP, and estimated tax penalties.
065	None	016	Estimated tax penalties-taxpayer computational error (Form 2210, <i>Underpayment of Estimated Tax by Individuals, Estates and Trusts</i> , or Form 2220, <i>Underpayment of Estimated Tax by Corporations</i> . See IRM 20.1.3.2.2, <i>Manual Penalty Adjustments</i>).
065	None	021	Tolerance criteria met-FTD, FTF, FTP and estimated tax penalties.
065	None	023	Taxpayer relied on practitioner or third party advice. See <i>IRM 20.1.1.3.2.2.5</i> .

IMF RC	BMF RC	PRC	Definition/Relief Criteria
065	None	027	Timely mailed/timely filed.
065	None	028	Official disaster area. See <i>IRM 20.1.1.3.3.6</i> .
065	None	029	Undue economic hardship/inability to pay (FTP). See <i>IRM 20.1.1.3.3.3</i> , <i>IRM 20.1.2.2.4.1(9)</i> and <i>IRM 20.1.2.2.4.3(5)</i> .
Note:			
N/A	None	066	Rarely allowed on employment tax deposits. Cascading FTD penalty relief (1998 only).
N/A	None	067	Educational FTD penalty relief (i.e., ABCs of FTD).
065	None	017	Bank error caused dishonored check penalty (TC 286). Banking documentation provided showing credit availability.
065	None	018	First-time penalty relief. RCA not used-manual three-year look back for compliant behavior. See <i>IRM 20.1.1.3.3.2.1</i> .
065	None	019	Bulk/batch filer-payroll tax service bureau related penalty. Use restricted to the penalty prevention and resolution group (PPRG).
065	None	020	RCA used-good history of compliance. See <i>IRM 20.1.1.3.6.1</i> .

The PRC in this table is used when manual penalty relief/suppression is warranted/required per the IRM for an administrative waiver.

IMF RC	BMF RC	PRC	Definition/Relief Criteria
065	None	043	IRS provided relief for a valid penalty. (i.e., RRA '98 section 3304(b) change in FTD deposit frequency for 1st quarter only starting in 1999). See <i>IRM 20.1.1.3.3.2</i> .

The PRCs in this table are used when manual penalty relief/suppression is warranted/required per the IRM for a statutory waiver or regulatory exception.

IMF RC	BMF RC	PRC	Definition/Relief Criteria
N/A	None	012	Decrease to FTD penalty per IRC 6656(e) and Rev. Proc. 2001–58. Taxpayer designated FTD applications; based on a valid ROFTL. See IRM 20.1.4.26.3, Statutory Penalty Relief.
None	None	044	Erroneous or late written advice by IRS. Relief based on revenue procedures. See <i>IRM 20.1.1.3.3.1</i> .

The PRCs in this table are used when systemic penalty relief/suppression is warranted.

IMF RC	BMF RC	PRC	Definition/Relief Criteria
065	None	001	Suppressed/abated due to tolerance criteria.
065	None	002	Penalty adjusted due to computational error.
065	None	003 066	Master File recovery.
N/A	None	068	Systemic FTD penalty abatement per the EFTPS/FTD Penalty Refund Program.

The PRCs in this table are used to identify manual penalty relief/suppression as a result of some error caused by IRS or some other Treasury agency.

IMF RC	BMF RC	PRC	Definition/Relief Criteria
065	None	015	General IRS error. Specific instructions for use of this code would be released in IRM updates or SERP alerts.
065	None	031	Erroneous oral advice by IRS. See <i>IRM 20.1.1.3.3.4.2</i> .

IMF RC	BMF RC	PRC	Definition/Relief Criteria
065	None	032	Other Treasury agency errors (FMS or EFTPS treasury financial agent (TFA) errors).
065	None	045	IRS error. Math error in computing the penalty or penalties. Extension to file not posted to Master File. Taxpayer complied with law but IRS did not recognize compliance. See <i>IRM 20.1.1.3.4</i> .

This table identifies user fee reversal codes (input with TC 361). These are not used for penalty relief/suppression, but they are used in the same manner as PRCs. Refer to IRM 5.19.1.6.4.6.3, User Fee Payment Transfer/User Fee Abatements, for additional information.

Exhibit 20.1.1-3

Penalty Transaction Codes

The descriptions provided in this exhibit are intended to provide a general overview of the penalty calculation. Refer to the specific IRM 20.1, Penalty Handbook, section for current penalty rates and policy.

Note:

With the exception of TC 270, when a manual penalty assessment is reversed, the reversed portion is reflected separately from the remaining portion (if any). The reversed portion is also uniquely identified by an "R" following the transaction code for BMF transactions, and by the "0" being replaced by a "3" for IMF transactions. For example, the reversed portion of a TC 160 assessment becomes a TC 160R in BMF, and a TC 163 in IMF; the reversed portion of a TC 240 assessment becomes a TC 240R in BMF, and a TC 243 in IMF.

Penalty Reference Numbers (500 Series)

This exhibit is divided into 3 separate tables as follows:

- Penalty Reference Numbers (PRN) 500-514 - These PRNs are assessed by the Information Return Program (IRP) Penalty Unit
- PRNs 549 and 550 - These PRNs are assessed by the Combined Annual Wage Reporting (CAWR) function
- Other miscellaneous 500-series PRNs - These PRNs are assessed by various functions via Form 8278

Refer to the end of this exhibit for additional information.

The following table provides general information for PRNs 500 through 514 assessments. These PRNs are assessed by the IRP Penalty Unit. Refer to IRM 20.1.7, Information Return Penalties, for additional information.

-----	----------	---

For assessments input after 2014, use PRN 680 if the following are true:

- The penalty is imposed for substantial understatement of income tax under IRC 6662(d), and
- Negligence under IRC 6662(c) is a secondary consideration.

Note:

See IRM 20.1.5.4.2(8).

For assessments input before 2015, penalties assessed with PRN 680 were computed as follows:

- For IRC 6662(c) through IRC 6662(g), the penalty is 20% of the underpayment
- For IRC 6662(h) (Gross Valuation Misstatements), the penalty is 40% of the underpayment

To reverse assessments input with PRN 680, when applicable, a TC 680 for a negative amount must be input. Do not use PRNs 786-792 to reverse PRN 680 assessments.
